ROXIE GREEN SLAIN; PROSPECT MAN CONFESSES, LEADS OFFICERS TO BODY

Ray Shappard Admits Killing Girl with Hammer

ROXIE GREEN

By W. T. BUCHANAN
Marion Star City Editor

Ray Shappard, 32, of Prospect this morning confessed to county authorities he killed Roxie Ann Green, 16, Prospect High school sophomore missing since a week ago last Friday.

Immediately afterward Shappard was taken to the spot where he told officers he threw the body after beating the girl lifeless with a hammer.

The body was found. It was along the county line road between Marion and Delaware counties a mile east of Norton.

Only partially concealed by brush and weeds, the body was lying on a two-foot high bank not more than five feet from the edge of the gravel roadway.

Head Shattered by Blows

The girl's head was badly battered and a hole about three inches long and an inch wide showed plainly in the skull. The face was badly discolored.

It appeared that it was by the merest chance that the body escaped detection until pointed out by Shappard. The road, while not a main highway, is traveled extensively by farmers living east of Norton.

Shappard's confession, given in the office at the county jail about 10:30 a. m. today, and the discovery of the body ended a search which started Friday night, Sept. 19, when the girl disappeared as she returned to her home from Prospect after attending a football game at Chesterville with other Prospect pupils.

Shappard's Story

Briefly Shappard told the sheriff and prosecutor this story:

"I started out from Prospect to get some beer. As I drove east on route 47 I saw the girl walking along the road and stopped to give her a ride.

"She got on the left front fender of my car. We started up the Lauer road. I didn't know just where she lived and as we passed a house she jumped off. I couldn't stop because the brakes were bad.

"I went down to the next house and turned around. When I drove back I found her lying along the road. She was knocked out.

"I got out and put her in the front seat. I was going to take her to a doctor.

"I got back in the car and started south. When I got to route 47 I turned east to the Rittenhouse road and then went south again to the Norton road.

"Before we got to Norton she came to and began to holler and scream. I kept on driving east through Norton to this country road.

"She kept screaming and finally said 'she would get me for kidnaping.'

"I got out of the car and she was out. I hit her over the head several times with the hammer and then threw her into the weeds."

Hammer Found 500 Feet Away

Shappard related that he threw the hammer away after the killing. It was found this morning about 500 feet from the scene of the crime.

After the killing Shappard turned his car around and drove into Waldo where he purchased a half dozen bottles of beer.

He then drove back to Prospect to the home of his wife's foster parents, where he left the beer. He and his wife went to their home on route 47 on the eastern edge of Prospect.

Attends Dance After "Cleaning Up"

Shappard said "We cleaned up and went to a dance." The dance was at a roadhouse on route 98 a short distance north of Waldo.

Although Shappard was not taken into custody until yesterday, he had been under suspicion by officers of the sheriff's office since the day following the girl's disappearance.

He was linked to the crime through his model A Ford automobile, a car similar to the one numerous persons reported seeing driving back and forth along route 47 about the time the girl walked that way to her home four miles from Prospect.

He was questioned by Sheriff Retterer and Deputy Fink in detail a week ago Sunday. However, he was able to account for all his time the night of the disappearance with the exception of about one hour when he said he was sitting in his car, parked in the Prospect business district.

It was in this brief period that Shappard killed the girl and disposed of her body.

No Rape Attempt, He Says

During the questioning this morning Shappard was asked if he attempted to rape the girl. "I don't think so," he answered. He was asked the same question again at the scene of the crime and he answered positively that he did not.

Coroner E. H. Morgan said that because of the length of time that has elapsed since the girl's death and the condition of the body, it would be difficult to ascertain whether there had been a criminal attack or an attempted attack.

Shappard has been employed with a crew moving buildings at the Scioto Ordnance Plant.

His Original Story

On Friday afternoon, the day of the disappearance, Shappard told officers in the first interrogation that he got off about 3:30 p. m. He stopped in Marion and had several beers and took a few more, he said, on his way back to Prospect.

He returned to Prospect late in the afternon and picked up his wife and child to drive east of Prospect on an errand.

He was attempting to borrow rollers for use in moving buildings. He had driven east on route 47 at about 50 miles an hour, the speed he said he usually drove the model A. Unable to obtain the rollers, he returned about 20 minutes later.

Old Car Seen by Others

Several persons observed the old car on this trip. On his trip back into town Shappard took his wife and child to Mrs. Shappard's foster parents, Mr. and Mrs. Joe Cronkleton.

He then drove away again. A week ago Mrs. Shappard said he was to get groceries but admitted he came back without any. Originally Shappard told the officers he was parked up town but this morning admitted that he had started out to Waldo after beer.

He caught up with Roxie on the way east.

Appears Unconcerned

At the scene of the crime this morning Shappard showed little concern. He apparently was interested in helping hunt for the hammer.

After the body was pointed out he led Sheriff Retterer and Prosecutor Reed eastward along the north side of the county line road. After they had gone a considerable distance he said, "I don't believe it would be this far. It must be back there a ways." He pointed back toward where the body was laying.

The hammer finally was found by Wayne Rawlins, 22, who lives in that vicinity. He was helping with the search along with his brother Everett and father, Joseph Rawlins.

Shappard had told the officers the hammer had a red handle.

Bears Blood Stains

The hammer was stained with blood and strands of hair were found sticking to it.

Finding of the body on the Delaware county side of the county line road put a new aspect to the case when the officers arrived there this morning. A call was put in immediately for Sheriff Earl Fravel of Delaware. It was about a half hour before he arrived.

Removal of the body in a car to the Hughes mortuary was delayed for a time while officers waited for the arrival of Marion county coroner E. H. Morgan.

In Marion County Jail

The question of legal jurisdiction had not been settled at noon today. However, Shappard was returned to the Marion county jail in handcuffs. He had not been handcuffed while helping with the search for the hammer.

Prosecutor Reed was preparing to file formal charges this afternoon.

The scene of the slaying is about six miles from the Green home and it is about a mile southeast of the nearest spot searched in the week-long hunt for the girl. Saturday a group of Prospect residents, acting under instructions from Sheriff Retterer, searched a bridge on route 47 which crosses the Olentangy river immediately south of Waldo.

The murder scene is a mile farther south and a few hundred yards east of the river.

Because officers had not been able to prove that Shappard was on route 47 alone at the time the girl disappeared and because they had not been able to break down his story that he parked in Prospect for an hour, he had not been taken into custody.

Came in Voluntarily

Yesterday, however, they determined to subject him to more thorough questioning. He came to the county jail voluntarily yesterday and the questioning began about noon. It continued until after midnight.

A lie detector was brought here by two officers from the Toledo department.

The questioning yesterday added little to what the officers already had learned from Shappard. The Toledo officer said his reaction to the lie detector was not of such a nature as to make a positive case against him. In fact the Toledo officers left last night doubtful that local officials had the right man.

At one time Shappard in the questioning Sunday said he seemed to remember something red flashing before his car. Roxie was wearing a flame red jacket.

Said He Couldn't Remember

He intimated he might have hit her with the car but insisted he could not remember anything.

The officers asked where he would have hid the body in a case like this. He named a large woods south of Prospect in which he often has hunted.

By this time darkness had fallen last night but the officers obtained flashlights and took Shappard to the woods. He led them

SENATOR SAYS TRUMAN WANTS CONGRESS BACK

Lucas States President Told Conference Aid to Europe Needs Special Session.

By The Associated Press

WASHINGTON, Sept. 29—Senator Scott Lucas (D-Ill) reported today that President Truman told congressional leaders there is no way to give emergency aid to Europe without a special session of congress.

Lucas made that statement to reporters as he left a White House conference on the problem of aid to Europe.

The senator was asked whether that was the mutual opinion of the White House gathering.

"The President told us that," Lucas replied.

Representative Halleck (R-Ind), majority leader of the house, replied, "oh, no," when reporters asked whether there had been a meeting of minds. He said there had been an exchange of views.

Senator Vandenberg (R-Mich), presiding officer of the senate, declined to discuss the high policy conference which lasted two and one-half hours.

"We are going to let the President tell about it," Vandenberg said.

Earlier, while the conference was going on, Presidential Secretary Charles G. Ross had advised newsmen that there would be a White House statement some time during the afternoon on the results of the meeting.

Attending the conference were 11 congress members, Secretary of State Marshall, Secretary of Agriculture Anderson, Secretary of Commerce Harriman and two presidential aides, John R. Steelman and Clark Clifford.

Compose Food Committee

Marshall, Anderson and Harriman compose the cabinet food committee which reported to Mr. Truman last week that American grain exports must be cut and that the situation requires saving of food in the United States if needs of Europe are to be met.

Most Republican and Democratic chieftains invited to the extraordinary meeting at 10 a. m. looked to the President and his advisers for a blueprint of plans to see Europe through the winter months without a special session of congress.

"I'm going up there to listen," Rep. Arends of Illinois, Republican whip of the house, told a reporter. "I think most of us feel the same way about it. We know very little about what the President has in mind or what he wants. We will have to be shown."

The President himself has indicated he would prefer to handle the situation without resorting to a session call before the regular reconvening of congress in January. Secretary of State Marshall, however, has insisted there is a crisis which demands quicker action.

Absent on Tours

Speaker of the House Martin (R-Mass.) and Chairman Taft (Ohio) of the senate Republican policy committee were absent on western speaking tours, but Taft said in Portland yesterday a suggestion that funds of the export-import bank be used in the

Herbert Undergoes Surgery for Wound Received in War I

By The United Press

COLUMBUS, Sept. 29—Gov. Thomas J. Herbert was in University hospital here today preparatory to undergoing a skin grafting operation on his right leg, the result of a wound received in World War I.

Herbert said he expected to be in the hospital only a few days after the minor operation to be performed by Dr. Harlan Wilson, Columbus.

The governor was shot down in combat while he was a member of the Lafayette Escadrille, one of the United States' first air fighter outfits.

He said he had been operated on two years ago for the old wound, and the scar required periodic attention.

ENROLLMENT HITS HIGH

ATHENS, O., Sept. 29—Enrollment at Ohio university hit a new high of 6,467 students today, registrar Robert E. Mahn reported. Previous high at the 143-year-old college was last fall's 5,769.

2 Marion Men Fined In McMillen Violence

Two members of the UAW received stiff fines in Marion county common pleas this morning on summary contempt of court charges following continued violence at the McMillen Feed Mills plant. The fines were assessed on the basis of the restraining order granted the company enjoining the union from interfering with company empoyes.

Marion police were called into action Saturday afternoon to enforce the order granted Saturday morning by Judge Paul D. Smith. Two arrests were made and a bench warrant is held by the judge for a third person.

Workers fined were Harry W. Schroats, 39, of 970 North Main street and Paul S. Hildreth, 35, of 152 Blaine. Each was fined $100. A 60-day sentence to the workhouse was suspended pending good behavior for one year.

The men were arrested Saturday afternoon following an outbreak in which a number of employes entered the plant and threatened plant manager William Charle. They were held under $200 bond, for appearance in court today.

The third man, George Woods of 556 Van Buren street will appear before Judge Smith this afternoon. Woods, according to company attorneys threatened assault on Finley Bolling, a McMillen employe. The altercation was said to have taken place at Jimmy's Sunoco Filling station on North Main street Saturday night.

Assemble Near Plant

Saturday afternoon following the issuance of the restraining order a large group of employes, a number of whom were alleged to be UAW members from the Universal Cooler unit of Local 750 assembled upon a vacant lot across from the McMillen plant. The lot it was said had been rented by the workers.

The group was under surveillance by the local police, sheriff's office men and Erie Railroad police to see that no property damage was inflicted. Workers did not attempt to interfere with operations at the plant until about 3 p. m. when a small group went in "To see the management." They were said to be concerned about the company's movement out of the plant of certain supplies of feed. Police removed them from the plant forcibly following alleged threats against company officials.

Law enforcement officials remained at the scene Saturday afternoon and Saturday night. No further violence at the plant took place as police enforced provisions of the restraining order.

Commends Court

Robert Fletcher, Ft. Wayne, president of the Central Soya company, parent organization of the McMillen Mills said today that he wished to commend the court and the police for their prompt action and the efficient way they handled the situation.

"They certainly let the people know they will tolerate no rioting, which is something these days," he said.

Mr. Fletcher who arrived in Marion over the weekend expects to remain in Marion several days.

The UAW had no comment to make today on the events of the weekend in the six-week-old strike. Joseph Stafford, president of the McMillen unit of Local 750 said today that Edward Duck who had been handling the McMillen strike as well as the Galion strike at the North Electric company had been replaced by Ward Beemer, Toledo, who would represent the UAW CIO in the McMillen dispute.

U.S. SHIP HITS FLOATING MINE

One Killed, 7 Hurt in Blast Off Coast of Trieste Free City.

By The Associated Press

WASHINGTON, Sept. 29—The Navy said a mine exploded under the U. S. destroyer Douglas H. Fox near Trieste at 6:30 a. m. today, killing one man and injuring seven.

The blast wrecked the steering gear of the late type warship, flooding all the after compartments and leaving her dead in the water, dispatches reaching the Navy department said.

A sister destroyer, the James C. Owens, and two tugs have gone to the aid of the Fox which has two doctors and five hospital corpsmen aboard.

May Have Been Old

Navy officials said the mine may have been an old one, broken loose from an area not yet swept clear of them since the war. Explosion occurred 18 miles off Trieste, dispatches from the Adriatic port said.

The names of the victims were not made public at once. One of the men was reported critically

500 ATTEND 2-DAY MEETING OF V.F.W.

Parade Features Sunday Session of District Meeting.

Members of Veterans Post No. 3313, Veterans of Foreign Wars and the women's auxiliary were hosts to one of the largest conferences in the history of the Tenth district when more than 500 veterans and auxiliary members attended a two-day meeting here Saturday and Sunday. More than 400 veterans were registered at the post headquarters. The occasion also served as a formal opening of the post's new quarters and clubrooms on Court street.

Guests included John Emde of Akron, department junior vice commander and Mrs. Celia Hunsberger of Akron, president of the state auxiliaries. Presiding for the veterans' meeting was Frank Howard of Bucyrus, district commander. Mr. Emde was the guest speaker for the conference. Climaxing the two-day meet was a patriotic parade in which representatives of the various veterans' organizations took part. Music was furnished by the Harding High school band and a musical ensemble from Bucyrus, and occupying prominent places in the parade was the American Legion's locomotive and box car and the color bearers of the Canton auxiliary and the Canton degree staff.

A joint meeting was held Sunday afternoon in the Elks' hall. The welcome was extended by Mayor Harry L. Dowler and the response was by Harry G. Baker. A class of 11 candidates from the district, Columbus and Newark, was initiated with the Canton degree staff, national honor team, conferring the work. A memorial service for members whose deaths

FIRE PREVENTION WEEK

By The Associated Press

COLUMBUS, O., Sept. 29—Gov. Thomas J. Herbert today proclaimed the week of Oct. 5-11 fire prevention week in Ohio and asked public cooperation in "arousing the public to the growing threat of fires."

COUNTY RENT COMMITTEE IS SWORN IN HERE

Advisory Group Organizes by Electing K. W. Schell Chairman.

A group of men who will serve as a rent advisory committee for Marion city and county were sworn into office by Edward Wagner, area rent director, of Columbus, at a meeting held in the rent control quarters in the Marion building, Friday night. They are E. E. Crizer, Thomas Fetter, E. H. Parr, C. J. Roberts and Karl W. Schell. Harold Nussbaum, also a member of the committee, was unable to be present. Later the committee organized by naming Mr. Schell chairman.

Duties Outlined

Mr. Wagner explained the duties of the board and discussed with the members the policy to be followed in the execution of the duties of the office. As a board they may recommend decontrol or increases for a part or the entire area and will also act as a board of review on adjustments denied by the office of rent control, according to the representatives from the state office. The next meeting of the board was set for the first Tuesday in November.

The local men were nominated for membership on the board by Governor Thomas J. Herbert subject to approval of the national housing expediter in Washington, following a conference with Mayor Harold L. Dowler, earlier this month. The local board and others throughout the state were created under the new rent control law. The boards are authorized to make recommendations to Washington concerning decontrol of an area or any portion of it; adequacy of the general rent level and operation of the local rent office with particular reference to hardship cases.

Other State Members

Mr. Wagner was accompanied here by L. E. Halle, area representative of rent control and Fred Schroeder, examiner, both from the Columbus office.

Announcement was made today from the office of rent control at Columbus that effective this week one of the two weekly visits to Marion would be eliminated, due to a curtailment of appropriations by congress. A representative of the Columbus office will be at the local office each Tuesday from 1 to 4 p. m. The Friday trip will be discontinued.

12 Masked Bandits Rob Ohio Gambling Place of $200,000

By The Associated Press

PAINESVILLE, O., Sept. 29—A band of 12 masked bandits bearing machineguns early today robbed the exclusive Mounds club near Painesville and 250 club patrons of cash, jewelry and furs worth an estimated $200,000, Sheriff James Maloney reported.

Sheriff's Deputies Edward Cook and Clarence Arnn, who investigated the robbery, said club officials gave the preliminary estimate of cash and jewelry taken from gambling tables and patrons, who initially thought the holdup was "part of the floor show."

The gang "rushed the guard" outside the club, Arnn said, and then entered the establishment and lined up all the employes and patrons against walls.

After forcing Manager Mark W. Schaffner to open the gambling "bank," the gandits dumped all their loot into table cloths and made their escape in three stolen cars, the deputy said.

Victims Give Version

Arnn quoted witnesses as giving this version of the holdup:

Mary Healy, a singer, and her husband, comedian Peter Lind Hayes, were giving a performance when the gang burst into the club. The tall "leader" shouted: "That's all, boys. This is a stickup."

Customers thought the holdup was part of the Healy-Hayes act, and Miss Healy turned to the gunman and said, "if you're going to misbehave, I'll have to ask you to leave."

"I'm not fooling," the gunman retorted, firing bursts of gunfire into the ceiling and floor.

Some of the patrons still believed the robbery was "part of the act," until the bandit and one of his cohorts mounted the stage, fired another burst into the ceiling and shouted orders to the other gunmen, calling them by numbers, instead of names.

"No. 7 and 8, guard the main entrance," the leader said. "No. 3 and 4, get over to those other doors. No. 5 and No. 6, get into the gambling room."

"Shoot" Disobedient Patron

The gang leader then paused, lifted his mask slightly to light a cigaret and ordered another

FIRE DAMAGES PIER AT N.Y.

Estimate $5,000,000 Loss as Blaze Sweeps Supports; 100 Injured.

By The Associated Press

NEW YORK, Sept. 29—Huge sections of a Hudson river pier swept by a fierce blaze, collapsed today after the fire had caused property damage estimated at more than $5,000,000 and had resulted in injury to 100 firemen.

The fire was under control but still burned, 14 hours after its discovery last night.

Affect by Smoke

None of the injured was in serious condition. Most of them were affected by the dense smoke that poured from the smoldering ruins of Pier 56, between 15th and 16th streets.

The blaze caused transmission of 35 fire bell signals in eight alarms, one of the greatest series of signals in the history of the New York City fire department.

The fire was discovered under Pier 57 and spread landward to a large structure connecting that pier with Pier 58, along which the Grace liner Santa Rita was berthed.

MT. VERNON MARINE DIES IN PLANE CRASH

By The Associated Press

CHICAGO, Sept. 29 — Three Marine privates were killed today when their light plane crashed into a field in suburban North Riverside during a misty rain.

They were identified by Sgt. Elmer Conti of the Cook county sheriff's police as:

Pfc. Edward L. Bond, 19, of Wichita, Kas.

Pfc. Charles B. Hokenstad, 18, Sioux Falls, S. D., and

Pfc. Paul Martin Gilfillan Jr., 19, Mt. Vernon, O.

All were attached to the Marine barracks training company at Great Lakes, Ill.

Conti said the three Marines appeared to have been flying below a low cloud ceiling in the rain in search of a place to land. He said that Charles Hopkins, 57, of Freeport, Ill., a conductor on an Illinois Central freight train, reported seeing the plane in flight at a height of about 150 feet and heard the engine stop and restart three times before it crashed.

Deadline Near On Drivers' Licenses

With the deadline for new drivers' licenses set at midnight tomorrow, W. C. Bailey, registrar, has announced that the Auto License Bureau located on North Main street will be open tonight and tomorrow night until 9 p. m., through the lunch and dinner hours. Approximately 10,000 licenses have already been issued, Mr. Bailey reported. Drivers between the ages of 16 and 18 must be accompanied by their parents when obtaining the new license.

Ex-Soviet Official Says Russia Plans To Stir U. S. Strife

By The Associated Press

CINCINNATI, Sept 29—Russia is attempting to create economic chaos in this country, through labor strife, a former Soviet official said Sunday "since this is the only nation powerful enough to stop the Soviet Union's aggression."

Victor Kravchenko, former Russian army officer, spoke to the opening session of the National Exchange clubs annual convention with four uniformed policemen standing nearby "to avert any harm that might come from Russian sympathizers."

Police Chief Eugene T. Weatherly said the police guard had been requested by the speaker. Several detectives in plain clothes moved through the audience during Kravchenko's talk but Weatherly reported there was no disturbance.

Kravchenko, who came to this country in 1943 as a member of the Soviet purchasing commission and now seeks U. S. citizenship, said the Russian Communist party knows that in event of an economic chaos in the United States, America would not be in position, in a military sense, to arouse its people against Soviet aggression, possibly for a number of years.

"The Kremlin dictatorship cannot stop halfway," he added, "* * * but for the time being will avoid any open military conflict with America and England."

Russia is "not ready for war, either materially or morally," Kravchenko declared.

all over the area, insisting he was trying to recall if he had brought the girl there. The search was fruitless and Shappard was brought back to the jail and locked up.

Asks for Wife

This morning about 9:30 Shappard told Sheriff Retterer he would have something to say if he could talk to his wife first. Mrs. Shappard was brought to the jail by the sheriff and Deputy Fink.

She and Shappard were left alone for about five minutes. Shappard then said he was ready to make his statement.

He talked calmly but at one time after completing his statement appeared to be near tears.

A stenographic record was taken of his story of the slaying.

The news of the finding of the body was broken to Mrs. Green, Roxie's stepmother, by Dale Sparks of Prospect, who has been active in the search for the girl. The father, Carl E. Green, had returned to his work as a signal foreman for the C and O railroad this morning. He is employed at Walbridge, near Toledo.

He had not been at work since he returned home for the weekend shortly after Roxie was reported missing.

John Spellerberg, an instructor at the Marion airport left at 12:30 p. m. today by plane for Toledo to get the father. He is expected back soon depending on whether or not he finds him quickly.

Curbs May Be Imposed On Red Reporters in U. S.

By The Associated Press

WASHINGTON, Sept 29—The state and justice departments may slap sharp restrictions on the activities of all foreign correspondents admitted to this country to report sessions of the United Nations assembly for Communist publications, it was learned today.

Officials said a new official policy under discussion would apply generally the curbs imposed on Pierre Courtade, a writer for the Paris Communist daily L'humanite.

Courtade arrived in New York last week. Before he was granted a passport visa to come to the United States he was required to pledge that he would.

1—Enter and leave by an Atlantic port.

2—Remain in New York City and the Long Island meeting places of the United Nations.

3—Depart when the assembly session is completed.

4—Engage in no subversive or propaganda activities nor agitate against the United States during his stay.

Ohioans Win 5th Place In U. S. Plowing Contest

By The Associated Press

DES MOINES, Ia., Sept 29—Ohioans placed fifth in two classifications of the annual national plowing matches here.

Robert Hiltbrand of Seven Mile, Butler county, O., scored 89.16 points for fifth spot in the national contour class and Ray Conn of Oxford, O., received 75.33 points for fifth in national level land class.

First place in the events, held last Saturday before crowds estimated by the state highway patrol at upwards of 50,000 persons, went to Ronald Orr, of Beatrice, Neb., who scored 92.26 in contour plowing, and Leo Drake of Memphis, Mo., with 82.34 in the level land event.

FIND TOMBSTONE IN BARN

By International News Service

CHARDON, O.—A demolished barn in Chardon has given up the tombstone of one of the town's earliest settlers. While removing the barn on the property of Mrs. Dana Latimer, workmen discovered the old gravestone. Engraved on it was, "Mrs. Susannah Canfield, wife of Norman Canfield, formerly of Westbury, Mass., born July 20, 1787, and died June 11, 1821, aged 34 years." The Canfield family came to Chardon in 1804 and built the first dwelling in the community. For many years they operated it as a hotel

Chemists Seek To Convert Virus Into Benefactor

By International News Service

CHICAGO — Dr. Wendell M. Stanley, of the Rockefeller Institute for Medical Research, Princeton, N. J., recently revealed research which may result in what has been described as one of the greatest triumphs of modern medicine.

Dr. Stanley, who shared the Nobel Prize in chemistry last year for his work on viruses, said that the virus, age-old scourge of all living things, may be converted by chemical science into a benefactor of mankind.

The renown chemist stated that these small, mysterious agents are being subjected to modifications of structure which may result in using virus activity for beneficial purposes.

Dr. Stanley reported that chemists are now trying to produce beneficial strains through chemical reactions in the test tube rather than depending on chance mutations in order to secure beneficial virus strains

Notable progress has been made in experiments with the virus causing the tobacco plant disease known as tobacco mosaic

"It is believed" he said "that the present results provide the first example of the modification of virus activity by means of definite, known and reproducible changes in the chemical structure of virus"

Dr. Stanley added that these results lend encouragement to the belief that eventually inheritable structural changes will be achieved in the chemical laboratory

"The actual accomplishment of this objective will represent a feat of major importance for it would carry with it implications of far-reaching significance to medicine, biology, genetics chemistry, and philosophy"

The American Chemical Society recently gave Dr. Stanley the Willard Gibbs Medal of its Chicago section.

PARKING RULES TIGHTENED

By International News Service

WASHINGTON — Major cities are tightening regulation of parking lots to stop price gyps and mishandling of cars. Ten or more big cities have stringent parking lot regulations now in effect. In addition, Buffalo, Kansas City, New York, Oklahoma City, Jackson, Mich., and others are considering rules to prevent parking rate piracy and so help improve parking lot service

Individual Stocks Make Modest Improvements

By The Associated Press

NEW YORK, Sept. 29—Individual stocks managed to achieve modest improvement in today's market although many leaders were hesitant.

Some bidding was based on hopes for constructive decisions at the conference of the President and congressional leaders.

Attracting support were Phillips Petroleum, Pacific Western Oil, Goodyear, U. S. Steel, Great Northern Railway, American Telephone, Western Union, Phelps Dodge and Youngstown Sheet. Occasional losers included Bethlehem, Chrysler, Montgomery Ward, Santa Fe, N. Y. Central, North American, Texas Co., J. C. Penney and Owens-Illinois.

No Welcome for Skunks As Settlers in California

By International News Service

SAN FRANCISCO — Grace Crowe, the answer woman at the department of birds and mammals at the California Academy of Sciences, said that people ask the strangest questions. And she was glad because it helps brighten research work.

She thumbed through one day's mail and came up with two letters to prove her point.

One asked whether a skunk brought into California needed a health certificate. The answer to that was to leave the pet skunk at home. They aren't welcome or legal guests. However, if a person can't get along without such a pet, it is perfectly legal to catch a California skunk.

The other letter contained the question, "What should I send my friend in Germany to feed a wellensittich?" A wellensittich, Miss Crowe explained, is a lineolated parrakeet, or a small long-tailed parrot. The answer: The wartime diet of potatoes which the wellensittich has shared with its owner will sustain life, but the bird would be happier on sunflower seeds or commercial parrakeet food.

Gestapo's Himmler Exposed As Weak Sister, Personally

By The Associated Press

MUNICH—Heinrich Himmler, perpetrator of the world's ghastliest mass murders, had a shaky stomach and a sensitive nose. He couldn't stand repugnant things.

This picture of the Third Reich's policeman-torturer, a suicide after his capture, is given by Captain Werner Roepert, radio engineer on Himmler's personal plane before and during the war.

Roepert has just been released from internment. He held SS rank and uniform only when in flight duty and now is considered only a former member of the Wehrmacht.

"We always had to fly high for Himmler," Roepert recalled. "When we were low, he complained that his stomach was shaky."

HEINRICH HIMMLER

• • •

Sprayed Perfume About

Himmler carried an atomizer with him and when he entered the plane he would spray perfume around.

"He couldn't stand the smell of benzine. He had a sensitive nose, Roepert said of the man who created concentration camps and turned them into stinkholes of humanity.

Roepert flew Himmler from Rastenburg to Berlin after the July 20, 1944 putsch. The pilot-engineer still is amazed, he said, that the bomb wrecked the Fuehrer's headquarters and yet only seemed to scratch Hitler.

When Himmler boarded the plane on his vengeance mission, he was silent but his arms were bent with documents. He spread them out on a table and worked incessantly compiling the list of malcontents against the Hitler regime.

Visits Culprits

As soon as he landed he motored to Prince Albrecht street, the Gestapo headquarters, where Witzleben and other high German generals were corralled, their putsch ineffective.

"A sad bunch you are," was his only scornful comment to them, Roepert said. Himmler's scorn was directed not at the attempt to assassinate Hitler but the failure of the plotters. He tortured and hanged them all.

Roepert always was curious about Himmler's high stack of papers in his plane. One day he couldn't resist sneaking a peep when the Reichsfuehrer SS was not present.

"I found papers reporting to Himmler that foreign agents were planning to get into Germany. Himmler's recommendation, written in the reports, was to let them come in and give them false reports."

"Knew About Plot"

Most of the men around Himmler believe now he knew all about the July 29 putsch a long time in advance and did nothing to stop it because he actually wanted Hitler killed, so he could take over as Fuehrer.

There was a strong animosity between Himmler and the entire SS against the Nazi party leaders, Roepert said.

In the struggle for power Himmler was smart enough to bide his time, but unable to hide from everyone that he was against Hitler and Martin Bormann.

Himmler carried his SS directives so far that he forbade locked cabinets and drawers around headquarters, Roepert said.

"Every SS man was supposed to be above thievery," he said. "The penalty for stealing was two years in a concentration camp."

That was a stiff penalty for a former SS man didn't have a chance to survive in a concentration camp. All of them were not above thievery however, for some received just that sentence.

FIRST AID TO AILING HOUSE

—By ROGER C. WHITMAN—

To Level Cement Floor

Q. In order to level a cement floor, what is the best way to add thin layers of cement to have a permanent, lasting job?

A. If the floor is in fairly good condition, you might find it simpler to have it ground smooth with a terrazzo floor grinding machine. To add more layers of cement, the present floor should be roughened and the new concrete mixture poured on top. New cement would not adhere to the floor in its present condition; neither can it be put down in thin layers. For full information on this work, ask the Portland Cement Association, 33 West Grand Avenue, Chicago, for their bulletin ST-22, and explain what you wish to do.

Floor for Church Kitchen

Q.: Our church is being remodeled. Should the floor be concrete and, if so, how can it be kept from becoming damp. Should it have a linoleum or asphalt tile finish?

A.: The concrete floor should be laid as a base. This can be made waterproof by having the contractor add a good integral water-proofing compound. There should be a substantial thickness to resist ground water pressure. The concrete then can be covered with asphalt tile—linoleum is not suitable for basement. In a kitchen this should be grease-proof asphalt tile. In place of asphalt tile, the concrete can be colored with a limeproof cement color. Asphalt tile would be more comfortable underfoot.

Preparing Walls for Painting

Q. We took the paper off the walls and ceiling in our dining room, thinking we would paint them. But we find that it has been painted over sizing. It is very rough and peeling in some spots. How can we prepare the room for painting?

A. Go over the walls with a block of carborundum stone to smooth down the roughest places, follow with coarse sandpaper, and wipe off the dust. Sponge with warm water and allow to dry thoroughly. You can then put on your flat wall paint, being careful to follow directions printed on the paint cans. If you are not going to repaint the woodwork, be careful not to scratch it while working, and protect it from paint drip.

One woman gasped after the robbery: "It was exciting fearfully exciting—just like a well-directed gangster movie."

Funeral services will be conducted at 2 p. m. Wednesday in the Ford funeral home by Rev. C. A. Hutchinson, pastor of the LaRue Methodist church. Burial will be in LaRue cemetery.

FIREMEN ANSWER CALL TO McMILLEN MILL

Spark from Welding Torch Believed Cause of Blaze.

Marion firemen responded to two alarms over the weekend, Chief Owen Sifritt reported today, with only minor damage reported on each.

The first call was at 8:45 p. m. Saturday to the McMillen Feed Co. on North Grand avenue. Workmen had been welding in the sack room during the afternoon and apparently a spark fell into one of the filled bags, firemen said. The smouldering feed bag was found by the night watchman. Engine No. 1 and quad truck from Central station responded.

Smoke filled the Robert Eby and Charles Lannoye homes 418-420 Cherry street, when the chimney became clogged with soot yesterday. Engine No. 1 responded to the alarm at 3:27 p. m. Minor damage resulted from the smoke.

About 180 persons a day register in the Vicksburg national military park in an average year.

YOUR HEALTH

Blood Clotting

No man who has ever studied the human body can fail to be impressed by nature's foresight.

Take the clotting power of the blood, for instance. It seems to have been provided especially to protect us against the chances of bleeding to death, for if the blood did not clot, bleeding from even slight injuries could not be stopped. Blood would leak from the body as water does through a sieve.

However, there are times when great benefits would result if the blood could be kept from clotting. Recently two substances which will do this have become available. Known generally as anticoagulants, their specific names are heparin and dicumarol.

Heparin acts quickly on the blood. But the effect dies not last long, it is expensive, and must be given by injection into a vein.

Dicumarol, on the other hand, is inexpensive and can be given by mouth, but unfortunately it acts more slowly on the blood. The effect persists for days after the treatment is stopped. Both of the substances may be used at the same time.

The following are the conditions in which these substances may be utilized.

Occasionally, an embolus forms in the lungs. An embolus is some bit of material, such as clotted blood, which becomes lodged in a blood vessel most anywhere in the body. In these cases, an anticoagulant is employed to prevent further embolism.

They may be also used in thrombophlebitis, a condition in which there is a blood clot in the vein, together with some inflammation. In these cases, an anticogulant may help to prevent embolism and long-continued trouble with the veins.

Anticoagulants may also be employed when an area is suddenly blocked off by a blood clot or embolus. They may be given to prevent blood clots in cases of injury to blood vessels. They are sometimes used after operation, particularly in patients who have previously had a blood clot or embolus following operation of one sort or another.

During one operation, especially, these anticoagulants are used. That operation is one done to remove the womb or uterus, because it has been shown that in one out of every twenty-five patients who have this operation, a blood clot or embolus results. They may also be used following other operations as a preventive measure.

Doctors know that these anticoagulants should not be used in patients who have a deficiency of vitamin C or vitamin K, or who have liver disease; nor should they be employed in some disturbances of the blood, or following operation on the brain or spinal cord or when the kidney is acting abnormally.

Neither heparin or dicumarol is considered today as the ideal substance for slowing down blood coagulation, but these anticoagulants are the best available. Nonetheless they have proved satisfactory and even life-saving in the type of case described. Not only this, they have opened up new possibilities in the treatment of all the disorders which may result from untimely clotting of the blood within the body, possibilities which should make prevention and treatment of this often fatal condition more exact and certain.

QUESTIONS AND ANSWERS

F.W.: What would cause a child to perspire on the head and nose? Is there anything that can be done about this?

Answer: Weakness due to illness is the most common cause of excessive perspiration.

It would be a good plan to have the child examined by a physician so as to tell what condition is present, before any treatment can be suggested.

4 GIRLS ESCAPE CUSTODY

By The Associated Press

COLUMBUS, O., Sept. 29—Six of 10 girls who fled the bureau of juvenile research playground yesterday afternoon were picked up 45 minutes later. Still missing, Columbus police said, were Elsie Adams, 14, of Franklin; Laura Connor, 15, of Alliance; Doris Marshall, 16, of Genoa, and Clara White, 13 of Pomeroy.

Anybody Happy?

THE announcement that Britain will pull out of Palestine is making no one happy, with the possible exception of the politicians in the Kremlin.

It is dawning on people who never thought it would happen that British withdrawal from Palestine is going to leave a vacuum of influence that either must be filled by the United States, as the only remaining naval power, or by the Soviet Union, as the challenger for control of the Mediterranean basin.

The reason Britain took responsibility for Palestine in the first place was to secure the approaches to the Suez canal. Contrary to a general impression among those preoccupied with the quarrel between the Jews and Arabs, the British weren't interested in practicing oppression of any minority's ambitions.

As the sun sets on the British empire, it rises on the responsibility of the United States, not because this country is or wants to be an empire, but because this country possesses worldwide power. Its sphere of influence, as attested in the Truman doctrine, includes every continent, but in every continent it finds itself in competition with the Soviet Union.

Palestine, geographically, lies well within the Soviet Union's sphere. But Palestine—and many other countries—are far removed from sympathy with Russian practices. That is the great international conflict in the modern world, the possible source of another war.

Palestine has been one of the points of friction. The British have dealt with it to the extent of their declining ability to deal with anything until they can pull themselves together at home. They have tired of the struggle and served notice they will create a vacuum, which must be filled by either the United States or the Soviet Union. No one is happy—least of all the embittered partisans who have blamed all of Palestine's troubles on the British.

Highly Irregular Performance

SENATOR TAFT has made a highly irregular approach to the subject of public welfare. In fact, he has made two.

He has told how much it would cost to carry out his ideas about more generous old-age assistance and unemployment compensation, along with public housing and federal aid for health and education—a billion dollars. No one ever did that before.

Then to compound a political innovation he has borne down hard on local and state control, an unheard of thing in an era of dependence on the great-white-father" complex that was the New Deal's principal contribution to the pursuit of happiness. What it seems to amount to is that Senator Taft has come out for something he believes in, but in a way that won't make him more than two dozen votes from Bangor to Malibu Beach. This is in contrast to the tried-and-true technique of sugaring the suckers, then slipping them the bad news when their taxes start to rise. It's highly irregular. But everything about Taft is highly irregular. The man actually seems to believe a politician should tell people what he thinks, a point of view so shocking that some of his constituents who can't stand for such monkeyshines are demanding his resignation.

Baseball's Windup

THE time is at hand again when the flag-winners in the American and National leagues prepare to square off for what custom decrees is the world championship. This is a somewhat grandiose title, as baseball is a very minor or non-existent sport in most lands beyond the seas.

It has been a year of great financial prosperity for major league teams. Even the tail-end Pittsburgh Pirates set a new attendance record. It was a season marked by powerful home run barrages in the National league, while in the American, Phil Marchildon's no-hit game just missed being the first perfect no-hitter in 25 years.

Again the waning baseball season extends into the football schedule and just ahead is that awkward Saturday when a world series game probably will coincide with the first important collegiate grid games.

The major leagues should consider shortening their season. For the last month teams have been playing to small crowds and it has been necessary to halt the second games of some double-headers because of darkness. Baseball playoffs shouldn't extend into October any more than hockey finals should be played in mid-April. Major leagues should play out their schedules and conduct the world series before sports fans become so football-minded they are confusing double plays with double wingbacks.

Beer was a standard beverage in Germany as long ago as the 16th century and in 1516 German rulers, seeking to protect the quality of the product, stipulated beer should be "brewed of barley, hops, yeast, water and nothing else."

Replaceable and Irreplaceable

By GEORGE E. SOKOLSKY

Help Others, but Our Needs Must Come First.

THE European response to the Marshall plan involves a continuing free gift from this country until 1951 of American commodities, some of which are easily replaceable, as, for instance, wheat, but others are irreplaceable, as, for instance, iron and steel products.

The replaceable commodities we can gladly contribute, without much anxiety, up to our capacity and as long as the gifts do not so raise prices in this country as to produce a dangerous inflation. Last year we contributed 18,500,000 tons of food, all told, including grain which produced inflationary high prices in this country and endangered our economy. It is estimated that this year we might guarantee to contribute 10,000,000 tons of wheat with a promise to send more if we have a proved surplus. We shall probably be able to contribute other food products if there is a surplus here. And the best way to prove a surplus is by the yardstick of holding prices. It is not necessary or wise to lower the American standard of living although our characteristic profligate waste is shocking. When Senator Taft said that we might eat less he might also have said that we ought to stop wasting.

Where Sharing Is Easy

At any rate, there is a category of goods which we can share without much concern and fear for ourselves now or in the future. Food and fibres fall readily into this category and as they are most essential for the Europeans, much can be done in this respect. The fact that the Russians have had a bumper crop should help some, for certainly the satellite states and the puppets should prefer to eat Russian grain, particularly as ours is tainted by capitalism. Be that as it may, we ought to say outright that we can give them replaceable commodities.

When, however, we deal with irreplaceable commodities, more thought and care should be given to the subject and we certainly ought to be fair. Shipments of coal, for instance, from this country to Europe, particularly to England, smack of the ridiculous. It is wasteful of shipping and manpower, at a time of shortages, to carry coals to Newcastle.

The Europeans can mine coal as well as we can and there is no reason why we should waste our natural resources while they hoard theirs. That is what it amounts to with coal, iron, petroleum and all their manufactured products. We were profligate with our natural resources and manufactured goods during the war because we were intent upon winning it. War is a wasteful process; it is impossible in such a state of desperation to worry about goods when the lives of our children must be a first consideration. But to continue to export, for free, our dwindling metals and minerals is foolhardy. Averell Harriman's committee is supposed to give this country facts and figures as to what our resources and capacities are. Such figures have not yet been made available for study and scrutiny and until they are, not a pound of irreplaceable goods ought to be shipped out of this country. Soviet Russia has a sound rule about irreplaceables: it keeps them at home.

Importance of Metals

The last war proved that that side can win a modern war whose iron and steel industries, with their associated manufacturing industries, can best be mobilized for excessive production. Had the United States not thrown its resources and manufacturing capacity in support of Great Britain and Soviet Russia, Germany could have, beyond doubt, won the war. The independence of this nation, therefore, depends upon a continued bountiful supply of metals, particularly high grade iron ore, and fuels for manufacturing processes and transportation.

Without these, this country may some day becomes as dependent upon the supplier as Great Britain is now dependent upon us — the supplier. Statesmen, caught in the hurly-burly of immediate problems and negotiations, often fear to look beyond their noses, lest what they see paralyze them in current matters. But the American people dare not disregard the profligate waste of its irreplaceable natural resources, because upon them depends the future of our civilization. Marshall plan, or otherwise, the needs of this country, particularly the political need for independence, must come first.

Here's a Tenant Who Got a Break

An Albany property owner has been charged with breaking the arm of a tenant who refused to agree to a rent increase.

It is expected that he will be given the usual sentence by the court and the Man of the Year award by the National Association of Landlords.

Of course, one shouldn't be too hard on the fellow. He doubtless figured they legalized assault and battery along with larceny when they repealed OPA.

After all, he just had to break something and the lease was apparently foolproof.

For that matter, a lot of people seem to feel that all rent increase agreements are voluntary which aren't obtained at gunpoint.

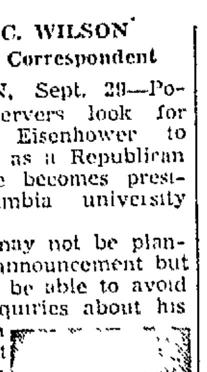
Still, as a well-informed citizen, he should have known that it'll be the first of March before it's really open season on renters.

Eisenhower's Party Choice

Expected To Identify Himself as Republican.

By LYLE C. WILSON
United Press Correspondent

WASHINGTON, Sept. 29—Political observers look for Gen. Dwight Eisenhower to identify himself as a Republican shortly after he becomes president of Columbia university around Jan. 1.



Eisenhower

General Ike may not be planning any such announcement but he scarcely will be able to avoid the repeated inquiries about his politics which his retirement from the Army will make appropriate. His friends are confident that if and when he announces his political affiliation he will fly the G.O.P. flag.

Those of Eisenhower's friends who want him in the White House will press hard for a declaration of his politics. Some of them already are assuring the public and the politicians he is a Republican.

The most significant single development in the Eisenhower-for-president boom so far has been the enthusiastic treatment given the idea by the Kansas City (Mo.) Star of which Roy A. Roberts is the guiding spirit and political seer.

Roberts Labels Him

Roberts led off early this month with a three-column piece, part of which was devoted to establishing General Ike as a Republican. Roberts wrote:

"It is becoming pretty generally accepted that General Ike Eisenhower is a Republican as much as a professional soldier who never cast his lot with any party can be anything.

"He can't say what he is, certainly, while he is in the Army, because to do so would be to put himself in politics. But his Kansas friends haven't any doubt where he would line up.

"At heart Ike is still a Kansan. And the predominant sentiment and thinking in Kansas, more than in any other state probably, is Republican. His brthers are Republican, especially Milton, president of Kansas State college. Milt is closer to the general on public affairs than anybody else. That should settle that subject."

But from this distance it seems more likely the subject of Ike's political colors won't be settled until the general, himself, says where he stands. Meantime he wears the Republican label only by courtesy of his friends.

Sen. Claude Reed (R) of Kansas, told questioners last week that Eisenhower was a Republican. But pressed for his authority to make the statement, Reed could only reply:

"Well, he's Republican enough for me."

Kansas would doubtless echo that sentiment.

This anxiety to tag Ike G.O.P. recalls the pre-convention period in 1920 after World War I. Herbert Hoover possessed the most distinguished war record after, only, President Woodrow Wilson. Elements of both parties were looking Hoover over but his politics was a mystery. He was not on record with any political affiliation and he was reluctant to say where his allegiance lay.

Hoover's Experience

The concensus is that Hoover stalled himself out of a very excellent chance to obtain a presidential nomination in 1920. The Republicans wound up with Warren Gamaliel Harding and the Democrats named James Middleton Cox, both of Ohio. Hoover was a Reublican, all right, but he just took too long to say so.

Like Hoover, General Ike was given his great chance by a Democratic administration. Woodrow Wilson put Hoover in charge of the wartime food administration in World War I. The late Franklin D. Roosevelt gave Ike his stars and the overall Allied command which went with them. And like Hoover, Ike is not a native of the state which claims him. Hoover, born in Iowa, made California his actual home. Ike, born in Texas, grew up in and is claimed by Kansas, where his family moved about the time he started school.

Want to Emigrate

By The Associated Press

COPENHAGEN—In spite of Denmark's lack of skilled labor more than 13,000 Danes want to emigrate but so far only 700 have got permission, says the Danish Emigration office.

Four thousand prefer Australia, several hundred the United States, Canada, South Africa and Argentine, and others Jamaica, New Guinea, Salvador, Iraq, Ceylon, and Indo China.

Applications are coming from all classes, but most of them from farmers, industrial workers, technicians, and engineers.

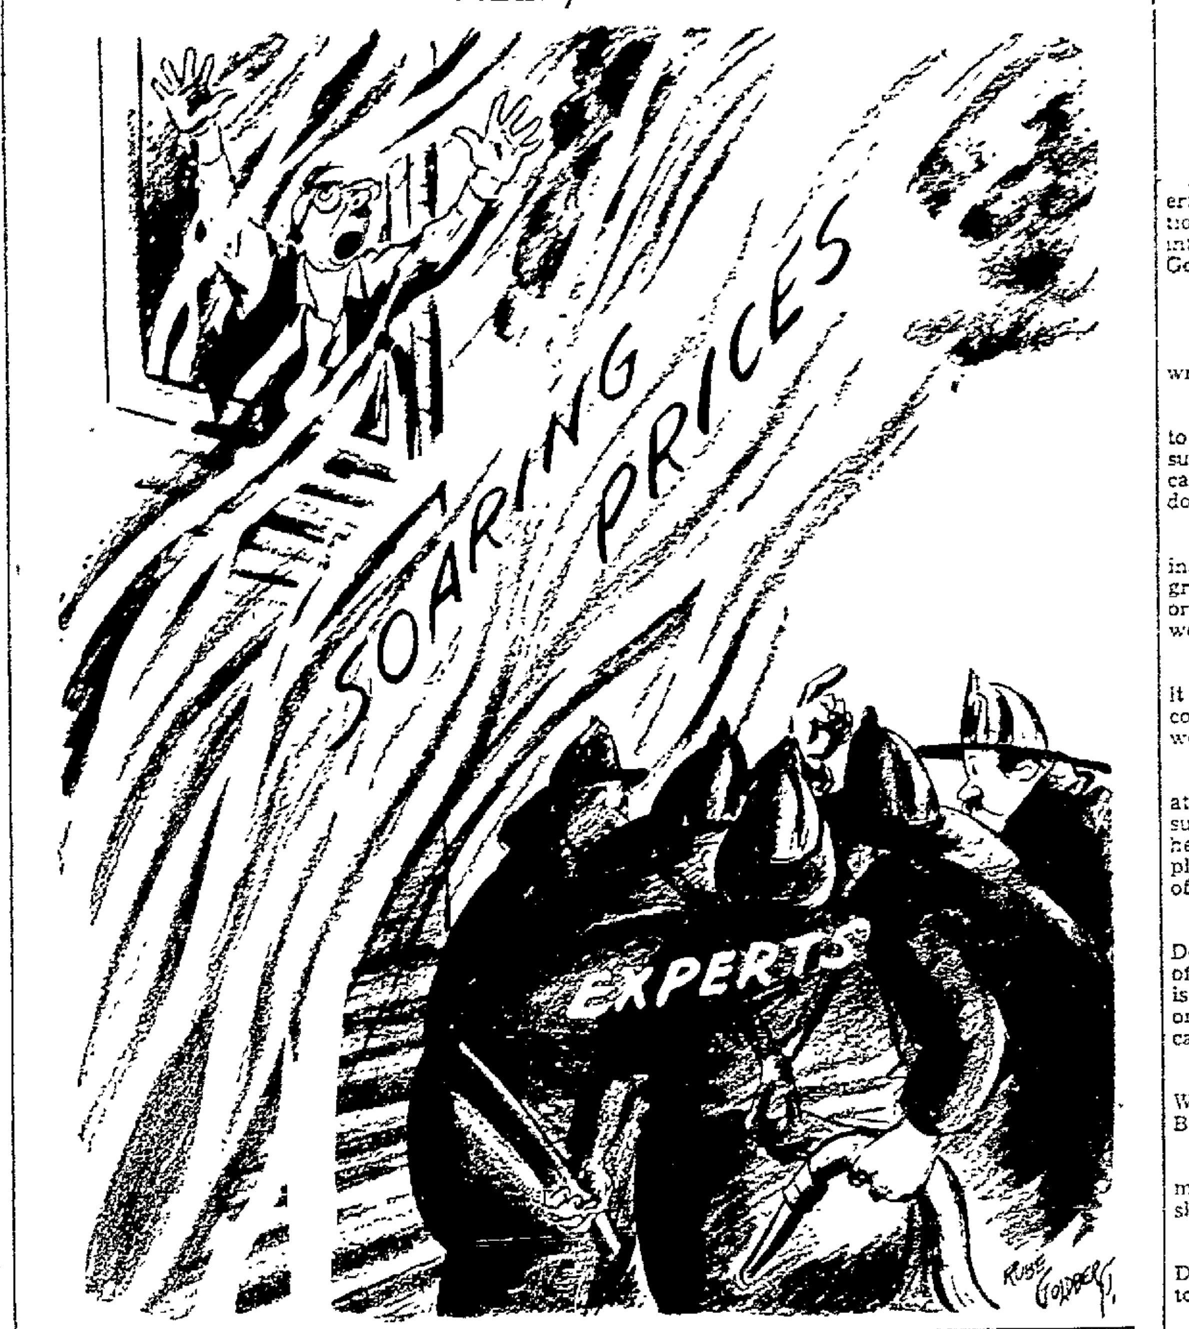
HELP, HELP!



From News of Other Years

TEN YEARS AGO

It was Wednesday, Sept. 29, 1937.

"A wave of atheism sweeps over the world and threatens destruction of all civilization," Pope Pius XI said in an encyclical letter in which he urged the Roman Catholic faithful to pray against the evils of Communism.

A family dinner at the home of Mrs. Elanora Bolinger of Madison avenue was in honor of her seventy-first birthday anniversary and was given as a surprise by her sister, Mrs. Minnie Doyle and Mrs. Jacob Bolinger.

The Westminster class of the First Presbyterian Sunday school was entertained at a 1 o'clock luncheon in the home of Mrs. Carmen Shepherd of Pearl street.

A "get out the vote" campaign was planned by the Junior Chamber of Commerce. The committee, Cloyce O'Brien, William Hawkins and William Hamor, had as a slogan: "Vote, Vote as You Please—But Vote."

Mrs. Ida Longshore returned from a two months' visit in California, where she was a guest of her son, Bernard Longshore of Los Angeles.

TWENTY YEARS AGO

It was Thursday, Sept. 29, 1927.

The school banking report for the second period of the year totalled $889.27 of which $761,63 was from the grades and $137.64 from the high school.

Mrs. Pearl H. Sells of South Vine street returned from a visit of two weeks in Boston, Mass. and Concord, N. H.

Frank A. Huber and son Francis of East Church street returned from a tour of eight weeks through the Canadian Rockies and the western part of the United States.

Fifty persons attended a twilight golf party at the Marion Country club. Hosts were Mr. and Mrs. Robert White, Dr. and Mrs. F. E. Mahla, Dr. and Mrs. J. A. Dodd, Mr and Mrs. F. B. Jennings, Mr. and Mrs. W. E. Hane and Mr. and Mrs. Loring K. Warner.

Babe Ruth made two home runs, running his total for the season up to 59, tying his 1921 record. With two more games to go it was expected he would set a new all-time mark.

One of the earliest ways of measuring time was by burning a candle or a stick.

Labor Board vs. Denham

By STEWART ALSOP

WASHINGTON, Sept. 29—Much intense soul-searching is now going on among the five members of the national labor relations board. Soon, perhaps within the next few days, the board will be called upon to make a decision which will have an important bearing on the whole future of labor management relations. The board is confronted with a case involving a small Virginia AFL local. On its decision in this case will depend whether or not the board reverses the crucial anti-Communist ruling of the bustling new "labor czar," Robert Denham, general counsel of the NLRB. As of now, the odds are heavy that the board will use the Virginia case as an instrument for reversing Denham.

Denham has, of course, touched off an enormous row by his strict interpretation of the anti-Communist provisions of the Taft-Hartley act. He has ruled that the act requires all the officers of the two national labor organizations, the AFL and the CIO, to sign an affidavit swearing they are not Communists. By so ruling, Denham has irritated some of the Republican sponsors of the new labor law, reportedly including Senator Robert A. Taft. He has brought down upon his head the wrath of John L. Lewis. He has split the AFL open on the issue, since Lewis has refused to sign. Most important of all, he has cut both the CIO and the AFL off from the functioning of the board. Yet Denham undoubtedly has good legal grounds for his interpreation of the act, and he has stuck stubbornly to his guns. Now the labor board will probably decide to undo what its general counsel has done.

Details of Case

The history of the case on which the board will soon rule is as follows: Early in September, AFL counsel Joseph Padway conferred with some of the board, and sensed that sentiment among the majority of the members tended against the Denham ruling. But it was pointed out to him that there was no case before the board on which it could rule against the Denham interpretation of the law. With convenient rapidity, the present case materialized.

The case involves the Arlington, Va., local of the AFL's National Brotherhood of Electrical Workers. This local had already requested a consent election of its employers, a radio station, and the NLRB. In the first week of September, the local was informed that the NLRB could not certify it, since all the officers had not signed the non-Communist affidavits. Then on Sept. 9, after making certain that all the officers both of the local and of the brotherhood had signed the necessary papers, the local again asked that the election be scheduled. Not unexpectedly, the officers of the local were informed that since the officers of the AFL had not signed the affidavits, the NLRB could not conduct the elections.

New Brief Studied

Immediately, the local appealed the ruling, which meant in effect that it was appealing Denham's ruling over Denham's head to the board. Briefs have been prepared by AFL lawyers arguing that the anti-Communist provisions of the Taft-Hartley act do not apply to officers of the national labor organizations. Another brief has been prepared by Denham's staff supporting his ruling. These are now being studied by the board members.

There is, of course, no absolute certainty how the board will decide. Minds can always be changed. Yet it is reliably reported that at least three members of the five-man board are strongly inclined to vote for reversal of the Denham ruling. It is an informed guess that this majority of three consists of chairman Paul Herzog, and members John M. Houston and Abe Murdock. They may be joined by James H. Reynolds, with J. Copeland Gray, one of the two new members, the only pro-Denham holdout. If this line-up holds, and if the decision on the case is not indefinitely postponed at the last moment, Denham will be reversed.

Interesting Possibilities

The results will be interesting. One possibility is that a major battle will begin within the labor board, between Denham and those who vote to reverse him. When John L. Lewis shook his hoary locks and roared his defiance at Denham, Denham is said to have had his crusading spirit aroused. A reversal of his ruling now would cut him off in mid-crusade. It is hardly to be expected that he will cherish tender feelings toward the members of the board responsible for this loss of face. Thus there is a chance that, unless the maximum of tact is employed, the board and its general counsel, whose functions are at least as important as those of the board, will end up working at cross purposes.

It will be interesting, too, to see whether the leaders of the non-Communist unions in the CIO agree to sign the affidavits, or whether the CIO as a whole will close ranks to protect the leaders of the minority of Communist-dominated unions. If the leaders of all CIO unions still refuse to sign, the AFL will be given an important advantage over its rival organization. Most interesting of all, however, will be to see how the Taft-Hartley act really works in practice, something which it has been impossible to discern under all the dust kicked up by Denham's ruling on the anti-Communist affidavits.

U. S. Tents Make German Mail Bags

By The Associated Press

BERLIN — American Army tenting is being used to relieve an acute shortage of mail bags in the U. S. zone of occupation. The Reichspost has purchased 24,000,000 square feet of surplus U. S. Army canvas for manufacture into 500,000 mail bags. The shortage of bags has been retarding international and domestic parcel post, newspaper and letter services.

Rover Has Fleas

By TRUMAN TWILL

This being a column about things of no importance anyway, a thing that suggests itself today is registration names for dogs—stuff like Laddie Boy of Snoop Hollow. We've just found out something.

Kind friends recently gave one of the younger inmates of the Twillery a pup whose ancestors apparently came over with Columbus so their progeny could bite the first few Pilgrims to wade ashore 128 years later. Furthermore, the sad-eyed mutt had the papers to prove it, quite a shock to a family that traces itself to a cattle boat in the 19th century.

He bore the improbable name of Mortimer, that being the name of an Irish political figure centuries ago and the mutt himself being an Irish setter with a presumed affinity for Irish history. But Mortimer, you must understand, was only a pet name, like calling the old man Egghead around the house though he signs the checks Swinburne O'Hooligan Pilaster III. was left to the inmates of the Twillery to give Mortimer an official registration name, something like Fleetwood Ranger of Belly Acres. lot of midnight electricity was burned over

Ancestral names were studied, a painful ness for skeptics inclined to take a dim view the Irish legend. Finally, it was decided low-brow on the whole proposition and na the beast Rover. This, however, didn't seem quite enough name, so in deference to his hair it was blown up to Red Rover, then in erence to his owner to Anthony's Red Ro

It hardly seemed possible no one else named a registered dog Rover (no duplication of names is permitted under American Kenn Club rules) so a couple of alternates were along, in case. There ensued a long per suspense while someone presumably through the files. Then the suspense was b

Anthony's Red Rover was given official clear ance. In other words, gentle readers, no one in this country has given a pooch the registere name Rover, at least not Red Rover, at lea Anthony's Red Rover. The big flea-haven know this yet, but this is going to be rubbed Nasty chuckles will be heard.

They come from deep-down proleta amusement over calling him, his blue blood an his blue-blooded fleas Rover, just like any of indeterminate origin whose father didn't leave a forwarding address. Shake hands the hoi-polloi Rover, old boy. You've just and got yourself identified with every lop-eared scroot that ever scratched fleas. Now to name thoroughbread horse Dobbin. Anyone have thoroughbread horse that needs a name?

8 Hurt as Motorcycle Plows Through Crowd

By The Associated Press

CINCINNATI, Sept. 29 — A speeding motorcycle left a toll of eight injured yesterday as it zoomed out of control at the Carthage fairgrounds cycle race, crashed through a wooden guard rail and plunged into a crowd of several hundred spectators.

The driver, Bob Hall, 24, of Westerville, O., escaped injury.

Most seriously injured was Mrs. Delores McKee Shields, 22, of neighboring Newport, Ky. Attendants at Jewish hospital, where she and other victims were taken, said Mrs. Shields had suffered shock and internal injuries.

Tired, "All-In"— Listless Feeling Brought To Halt
As Vibrant Energy is Released To Every Muscle, Fibre, Cell
Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.
Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.
To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.
Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.
Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Have You Tried To Avoid This Subject . . .?
In nearly every city throughout this country, funeral directors have been using advertising to explain the services they offer. That program has extended over a period of years, and still there are many people who know nothing of what they are entitled to receive when they employ a funeral director.
Possibly some do not care to face up to a situation they know must come sooner or later. It is not the best way to have service that will be satisfactory when that time does come. Some member of every family should know about funeral service and its cost.
That is why we publish these messages. It also is why we invite people to come and ask for any information they desire about the services we can furnish. There is nothing about our methods of doing business that must be kept secret.

State Planning Bridge Repair

Program To Use Fund $2,500,000 on "Narrow," One Lane" Variety.

The Associated Press

MBUS, O., Sept. 29—The way department is going eliminate some of those shaped 'one lane bridge'' row bridge' signs along as with a $2,500,000 pro- replacement or repair of weak, narrow, or hazard- es.

Murray D. Shaffer said al program would get at next spring so that it completed during the on season and ready for of 1948-49.

are being prepared under on of Glenn R. Logue, neer of bridges and rail- ssings, and contracts will hen this fall and winter, ded.

s said the full list of be replaced, widened engthened had not been up yet but that special was being given medium- dges which had become hazards "because of low capacity or narrow width of roadway." No extensive relocation is planned.

This work was sidetracked during the war because of materials and manpower shortages except for urgent projects essential to the war effort, Shaffer said.

However, the availability of materials and manpower now does not mean that all needed bridge improvements will be made soon, Shaffer continued.

The department already has under contract 55 bridge jobs totaling $4,065,000. Twenty-six of these, costing $2,977,000, have been started this year alone.

"But the need for replacement of inadequate highway bridges has been steadily and rapidly increasing," Shaffer said. "More than half of the 6,316 bridges are either too weak or to narrow to adequately accommodate present highway traffic.

"It is evident that the replacement of all the needed structures will require an annual expenditure far in excess of the amounts presently available."

BUCYRUS, Sept. 29—Making his escape through an unbarred window in the men's lavatory at city jail, Donald E. Nicholson, 18, enjoyed his freedom less than an hour before he was back again behind bars, Saturday morning.

Nicholson, who is awaiting grand jury action under $500 bond on a charge of breaking into and stealing articles from Baldy's Drive-in on Plymouth street, was returned to jail by his father, Grant Nicholson. The elder Nicholson brought the youth back to jail when he appeared at the family home in his flight from authorities.

Preparations Set for Sending Gifts To Men in Service

Although Christmas is yet three months away, families who still have military personnel in the service are planning the boxes and articles which they will send for the holidays.

The Marion county Red Cross committee on community service to camps and hospitals is also planning to assist in making the occasion a little brighter for those away from home. The present plans of the committee are to help supply gaily-wrapped Christmas packages for men who will be on the high seas at Christmas time through the people of the community.

Mrs. Clayborne W. Smoot, chairman of the community service committee has reported reassuring evidence of understanding on the part of local people that large numbers of gifts will be needed to insure the traditional gifts-under-the-Christmas-tree on every ship on every ocean where American military and navy personnel are forced to spend Christmas.

Groups of individuals in the county wishing to participate in this "Christmas on the High Seas" program are urged to contact Mrs. Smoot at 564 South Vine street or phone 6247.

Gift packages should consist of one article of good quality, Mrs. Smoot, chairman said, such as cigaret lighter, fountain pen, leather wallet, photograph folder, or some similar item. The addition of one or two small items such as hard candy or cigarets is optional, she said. An aggregation of small items similar to the contents of the Red Cross Kit Bags are not acceptable because such items are now easily available to men aboard ship, and would not, therefore, constitute a gift suitable for Christmas. Each package ought, naturally, to be attractively wrapped, but the local Red Cross chapter is prepared to take care of that if the donor doesn't have the time.

Since all gifts must be placed aboard ship at ports of embarkation during the fall months, and since no gift may reach port later than November 1, Mrs. Smoot, chairman, pointed out that the gifts must be in soon and that early choosing would be necessary if the goal of 155,000 gifts was to be reached.

Eagles Initiate 27 Candidates

Charter Member Honored in Ceremonies; Former Marion Man Speaks.

A class of 27 candidates was initiated in honor of Otto Eibling, conductor of Buckeye Aerie No. 337, Fraternal Order of Eagles, for 37 years, at a special initiation ceremony Sunday in the Eagles hall, with John A. Abel of Kansas City, Mo., formerly of Marion, present as the guest speaker. Approximately 250 were present.

Mr. Abel, chief auditor of the Eagles, served as president of the local aerie in 1911, was secretary for 27 years, and was grand worthy president of the Eagles in 1939.

Mr. Eibling, one of the four active living charter members of Buckeye Aerie which was instituted March 23, 1903, was presented with an honorary certificate in honor of his faithful service by Mr. Abel. Charles Way, secretary of the lodge, presented Mr. Eibling with a wrist watch in behalf of the entire Aerie, and he also received a number of other tokens in appreciation of his service.

Past Presidents Officiate

The past worthy presidents of Buckeye Aerie officiated in the ritualistic work. William Woessner served as Junior past worthy president, Bert Gilmore as worthy president, Lee Collins as worthy vice president, Roy Abel as chaplain, charter member Phillip Ebert as inside guard, A. H. Franklin as outside guard, Charles A. Way as conductor, and John Abel as secretary, the position which he formerly held here.

Honoring the past worthy presidents, Otto Eibling presented a ring to Paul Beveridge, in appreciation of the work done for his class. The active living charter members of the area were recognized who in addition to Mr. Eibling are Phillip Ebert, Brooks Stoffer and Nelson Abel. Omer Williams, worthy president, conducted the meeting.

Buckeye Aerie made a donation of $2,500 to the Eagles Memorial Foundation Fund which is used for the purpose of educating Eagles' children whose fathers were killed or injured in World War II.

Entertainment was provided by the Eagles quartet which won the state championship. The quartet is composed of John McAndrew, Warren Augenstein, Robert Heimlich and A. A. Ward, accompanied at the piano by Paul Malloy. The Eagles band of 30 pieces directed by Oscar Kaelber gave a 30-minute concert.

Visitors were present from Amherst, Lorain and other various lodges, and included Paul Wilhelm of Galion, director of District 19, Homer Williams of Galion, past worthy president of Galion lodge, and Don H. Ramms of Marion, district supervisor.

Mr. Abel, who has three brothers in Marion, was accompanied here by Mrs. Abel. They are staying with his brother, Edward Abel of 605 Windsor street. Mr. Abel is to leave from Marion to make a tour of the East, visiting various lodges. His other brothers here are Roy Abel and Nelson Abel.

The next class to be initiated will be in honor of the worthy president and of Armistice Day and initiation will be on Oct. 29.

Conclude 3-Day Corn Festival at Bucyrus

Special to The Star

BUCYRUS, Sept. 29—The award of trophies and cash prizes late Saturday night ended the ninth annual Crawford County Corn show, held for the first time this year on Lions club playground. Several thousand persons were estimated to have been on the grounds for the closing night.

Cash prizes totaling $145 were distributed as well as three trophies, donated by Beach Sales and Service, A. J. Halliwill and A. J. Bittikofer.

Many amusing contests highlighted the Saturday evening program including a pie eating contest, cracker and watermelon eating contests, husband calling and apple bobbing. Pies used for the pie eating contest were those winning prizes offered by Henderson and Lutz in a pie baking contest, judged in the afternoon.

FINED AT BUCYRUS

BUCYRUS, Sept. 27—Charged with failure to observe a stop sign, Michael J. Ettore, Marion driver of an Omar bakery truck was fined $5 and costs in mayor's court Friday. He was taken into custody by state highway patrol who said he failed to stop at route 294 and county road 21, resulting in a collision with a car driven by Thomas Comstock of southwest of Nevada.

Also fined in mayor's court Friday was Leroy F. Woodward, Galion, charged with reckless operation. His arrest followed a collision with a parked car belonging to Floyd L. Kibler on South Sandusky avenue. Woodward told police that he became confused by a temporary route sign in the middle of the street and went around it to the left instead of the right.

FLEMING RITES HELD

ASHLEY—Funeral services for Miss Ollie Fleming, 56, who was found dead at her home, near Stantontown, Tuesday, were held Friday at 2 p. m. at the Stantontown A. C. Church, with Rev. Hiram Bridenstine, pastor of the Quakertown church and Rev. Dennys of Centerville, officiating.

ODAFFER RITES HELD

BUCYRUS, Sept. 29—Funeral services were conducted this afternoon in the Wise Funeral home for Mrs. Grace B. Odaffer, 64, native of Crawford county and of recent years a resident of Columbus. Mrs. Odaffer died in Columbus Thursday. Survivors are two children, Mrs. Nina Holmes and Dave B. Odaffer, both of Columbus. Burial was made in Oakwood cemetery.

Gene Tierney Suspended For Refusing Film Role

By The Associated Press

HOLLYWOOD, Sept. 29—Actress Gene Tierney, who has been drawing down something like $3,000 or $4,000 a week from 20th Century-Fox is out of a job today.

The studio announced that Miss Tierney has been suspended for refusal to take a role in a film called "Walls of Jerico."

Gene said there is nothing personal in the beef with the studio.

"I simply couldn't undertake the role because I didn't think it was right for me," she said. "I felt it would be a great mistake for me to appear in it."

20th Fox said Anne Baxter will take the role originally designed for Miss Tierney.

Borden Drivers Win Trophy for Safety

Carl F. Lemnitzer, manager of Borden's, has been informed today that his drivers were awarded the divisional chairman's Safe Drivers Trophy for the first half of 1947. In winning this trophy the local drivers competed with seven other Borden plants whose total mileage is between 175,000 and 275,000 miles a year. Drivers for the local plant traveled 109,163 miles during the six month period without a single vehicular accident.

A Not So Plain Jane

Jessie Jane is not as plain
As her name implies;
In fact, her skin is white as snow
And stars are in her eyes.
And Jessie's smile is bright and gay,
Enticing men from miles away.

Jessie Jane is always sweet
And fresh as any rose.
Her clothes are "strictly bandbox"
As the saying goes;
And so enchanting is her smile,
Men want to lead her down the aisle.

Your beauty treatment, Jessie says,
Should always be a matter
Of keeping skin and clothing bright
With simple soap and water.
A beauty tip that surely pays—
Just copy Jessie's winning ways.

Fire Guts 100-Year-Old Building at Springfield

By The Associated Press

SPRINGFIELD, O, Sept 29—Fire officials sought today to determine cause of a stubborn, three-hour fire that last night gutted the 100-year-old building housing the Springfield Coffin and Casket Company.

Fire Chief Grover Frock, who estimated damage at $100,000, ordered restraining lines about the tottering walls of the brick and frame building, which formed a shell around the burned out interior

Former Manager A M Spining said the firm was the third oldest "west of the Alleghanies"

GREECE PUTS RUSSIA ON DEFENSIVE IN UN

By The Associated Press

LAKE SUCCESS, Sept 29—Russia was forced into a defensive role in the United Nations today as Constantin Tsaldaris, Greece's deputy prime minister, took the leadoff position for resumption of debate on the Balkan situation

A spokesman said Tsaldaris, who has listened to repeated Soviet attacks on his country and the American aid program, planned to speak about a half hour before the assembly's 55-nation political committee

The deputy prime minister was expected to stress the findings of a security council body which held Yugoslavia, Albania and Bulgaria guilty of aiding Greek guerrillas and to stand firmly behind an American resolution for a general assembly border watch.

"God's Businessman" Speaks In 3 Day Religious Program

By ELAINE BALLINGER

Several hundred persons were reached here by messages presented in the weekend Christ for the World convention for Marion county sponsored by various interdenominational organizations and Kiwanis club. Approximately 900 attended the service in Garfield park pavilion Sunday afternoon to hear R. G. LeTourneau, a leading American industrialist and Christian layman, known as 'God's businessman," who has gained wide recognition for his business practices based on Christian ideals On Saturday night he spoke at the pavilion to a crowd of about 500

Other speakers of the convention were Miss Elizabeth Turner, former missionary to China, Dr Donald W McClure, missionary to Africa, and Dr J Campbell White of Mansfield, founder of the recently organized Christ for the World movement Opening session was Friday night in Trinity Baptist church sponsored by the women's division of the Marion County Council of Churches The missionary speakers were heard in Marion High schools Friday morning, and on Sunday morning spoke in various services in churches of the city Closing session at Trinity church Sunday night was directed by the youth division of the Council of Churches, with attendance of more than 300 The mass meeting at the park Sunday afternoon was sponsored by the Marion County Ministerial association Mr LeTourneau was brought to Marion by Kiwanis through its church committee, and the Saturday night service was in charge of the club

Need for Christ

At times reaching a dynamic power in his speaking that might be said to be comparable in its impact to the mechanical impact of the giant earth moving machinery which he invents and manufactures, Mr. LeTourneau used the language of his business throughout his message on spiritual values

'Horsepower needs manpower and manpower needs Godpower, was his most challenging statement as he spoke Saturday night of the plan of the universe, worked out in God's dealings with his creation and his creatures throughout time and eternity To gain this "Godpower' so that they may live in harmony and peace in God's world, men individually need to accept Christ as their personal savior, he declared, then they need to dedicate all their personal talents and possessions to his service He emphasized that God needs Christian businessmen, Christian laymen, to live for him seven days a week, and not until professing laymen live in that way will the world be saved from destruction

Only will men be convinced of the power of salvation when they can say "I've seen it work," in the lives of others who can really demonstrate its power, he maintained This point he illustrated with the story of demonstration of the gigantic 75-ton load, two-engine war truck which he had built for the government Only through demonstration was the government agent convinced of its power. He told how he gave the order for the truck to be driven from the demonstration field in the valley to the summit of the mountain Up, up, up it went the operator never letting his foot slip from the accelerator shoved to the floorboad—up, shifted into intermediate, further up, into low, slower, slower, but suddenly, over, and down the other side The government man said, "I'll tell them it works" "

Sunday afternoon, he told his life story, through spiritual, financial and physical bankruptcy,' pointing out each reverse was God's dealing with him to prepare him for a greater blessing His emphasis was on his declaration that Christians who love God and are aware of their great debt to him will give, in faith believing his promises of greater and greater blessing, not only of their time, talents and prayers but generously of their money for the cause of his kingdom.

'Business men," he challenged 'put God on your payroll'' It is known that Mr. LeTourneau himself gives more than 90 per cent of the income of his multi-million dollar business for religious work

Make Recommendations

An outgrowth of the convention was passing of five resolutions calling for action in the community and county to further "the specific task of winning others to a living union with Christ ' This included recommendation for organization of inter-denominational groups in each city precinct "to pray together and work together in reaching the unchurched ' keeping a "continuous up to date record of new members moving into their precinct by referring the same to the church of their choice," and encourage Kiwanis club "to project a religious survey of the city of Marion", that the churches "intelligently teach and inspire the Christians of our community to be faithful stewards of life to give one-tenth of their income to God and increase our giving for foreign missions continuance of enlarging the program of religious education in the public schools of the city and inaugurate a program of religious education in every county school district, and to help promote similar programs in other counties The fifth resolution was an expression of thanks to all who cooperated in any manner to the carrying out of the convention program The resolutions were unanimously adopted by the convention, read by Rev R. W. Faulkner, chairman of the resolutions committee which was composed of representatives of the various organizations which sponsored the convention. At the closing session the audience voted that the action called for by the resolutions be carried out

For the opening session Friday night, Mrs Leo Keller, president of the women's group, presided Saturday night's service was presided over by E L Cleveland president of Kiwanis club, and invocation was by Ralph Carnart and benediction by Rev J B Holloway, members of the club Dr Henry Schaeffer, president of the Ministerial association, presided for the Sunday afternoon meeting and at the final service James Rea, president of the interdenominational youth group presided

Speakers Welcomed

Musicians were Friday night Howard Orr, soloist. Saturday night, group singing of "America" was led by L G Jones, an instrumental trio was composed of Homer Huffman George Lane and Mrs Fanny Benson, and Mrs Dorothy Strathearn a member of the LeTourneau evangelistic party was soloist She sang also Sunday afternoon Mrs C W Davis was her accompanist Sunday night, Miss Barbara McDonald sang accompanied by Mrs J F Lacey

The LeTourneau party including Mr and Mrs LeTourneau, Mrs Strathearn and Dr Harold Strathearn, director of the LeTourneau foundation were met at the Marion municipal airport by a welcoming committee composed of representatives of the organizations sponsoring the convention and Mayor Harry L Dowler They arrived in an A-26 converted bomber, Mr LeTourneau's personal plane, and were to leave Sunday afternoon for their next meeting Sunday night at Vicksburg Miss A reception following their arrival was held at Hotel Harding, with those present including the church committee of Kiwanis club made up of Dr G G Neutzel, Rev Holloway John H Clark, Robert O'Connell, Lawrence Sager, Thomas Scott and A C May

Lack of Prayer Called One of Troubles of UN

By The Associated Press

CHILLICOTHE, O, Sept. 29—One of the troubles with United Nations procedure at Lake Success was described here as the failure to open daily sessions with prayer.

Hoping to remedy the matter, the annual convention of the 83rd Division Association of Veterans of World War I adopted a resolution Sunday demanding that prayers be offered The final draft contained the proviso that those UN delegates offended by session invocations should withdraw from the meeting chamber at prayer times

A spot on the site of the old Camp Sherman was dedicated as the site of a bronze plaque that will be erected later, in memory of former division members

Ollie J Haag of Akron elected commander, succeeding John Clark also of Akron. Honorary commander named at closing session was Lt. Gov. M. Herbert.

Methodist Temperance Board Hits Halsey's Praise of Drink

By The Associated Press

WASHINGTON, Sept. 29—The Methodist Board of Temperance [illegible] a broadside at Admiral William F. (Bull) Halsey today for [illegible] that "as a general rule, I never trust a fighting man who [illegible] smoke or drink."

The board retorted that drinking makes men fight "in thousands [illegible] every day, but we have [illegible] known it to make anyone [illegible] well."

[illegible] Halsey carried bour- [illegible] his carrier pilots in the [illegible] when he was Third Fleet commander, the board declared, [illegible] guilty of an "astonishing [illegible] of naval discipline."

Halsey Keeps Silence

Halsey, whose reflections on [illegible] appeared in a recent series of articles in the Saturday Evening Post, didn't even swing a turret when reporters found [illegible] San Francisco and told [illegible] that the board was saying. [illegible] answer was "no comment."

The board's attack filled six columns of its newspaper-size publication "The Clipsheet."

"Many of the greatest military men the world has produced have been notably abstemious," the [illegible] said, naming Robert E. Lee, Jeb Stuart, Stonewall Jackson, Sergeant Alvin York and Jimmy Doolittle.

"Alcohol," it added, "is a deadly menace to the country's safety whether it is in the brain of admiral, general or diplomat."

Favorite Toast

The board quoted Lt. Comdr. J. Bryan III, Halsey's collaborator in the magazine series, as saying of the now-retired admiral:

"Occasionally he takes a beer or a martini, but his staple drink is Scotch whiskey and plain water. He has said, 'There are exceptions, of course, but as a general rule, I never trust a fighting man who doesn't smoke or drink.'

"His favorite toast is:

"I've drunk your health in company;
"I've drunk your health alone;
"I've drunk your health so many time,
"I've—near ruined my own."

The Methodist board commented:

"In discussing his air training, Admiral Halsey says that he 'went on the water wagon' for a full year.

"However, he took upon himself the responsibility for having issued to pilots who might be called back to duty at any moment, a habit-forming, irritant, anesthetic drug, the use of which he very sensibly believed might endanger his own neck when he was at the controls of an airplane.

Conservancy District Overlooks Fremont

By The United Press

FREMONT, O., Sept. 29—Fremont, which has considered itself a part of the Scioto-Sandusky conservancy district since its organization some years ago, learned today that through an error it had never been included in the district.

Allen Pretzman, Columbus, secretary of the conservancy district, made the startling disclosure in a letter to Mayor Bernard J. Hawk, who had written Pretzan for information concerning the conservancy's sewage treatment program and how it might affect Fremon't disposal plant.

Pretzman advised Mayor Hawk, however, that Fremont can be included in the district if it petitions for admittance after the conservancy plan has been completed.

POLICE AT COLUMBUS HOLD 2 IN SLAYING

By The Associated Press

COLUMBUS, O., Sept. 29—Mrs. Meirth Layton, 24, and Clarence M. Pullem, 66, were held without charge in county jail today for questioning in the shotgun slaying of the young woman's 64-year-old husband, Shem M. Layton of suburban Grove City.

A finding of homicide was made yesterday by Coroner Mitchell A. Spyker after Layton died at a hospital here.

Sheriff's deputies Garfield Huddleston and Lorenzo O. Boice said that Layton, lying mortally wounded in Mt. Carmel hospital gave them this account of the shooting:

Shortly before midnight, Layton got out of bed and walked barefooted onto his back porch to call his wife, who was standing beside the next-door trailer home of Pullem.

"I will kill you!" the deputies said Pullem was alleged to have shouted, whereupon he entered his trailer, returning with a double barrelled .12 gauge shotgun.

"You wouldn't shoot the best friend you have on earth?" Layton said he called back, adding that he and Pullem were friends for over 30 years.

Layton was struck in the stomach by a shotgun blast and stumbled into the kitchen.

Grove City Police Chief Arthur L. Willing said that when he arrived at the scene Layton was lying on the floor, with his 7-year-old son, Dwight, standing over him.

Willing said Pullem and Mrs. Layton were found later and taken into custody.

Blaik Called Villain of Piece in Army - Notre Dame Rupture

By The Associated Press

NEW YORK — From time to time sports writers are called on to speculate on the whys and wherefores of certain incidents. Often we hit the nail on the head; sometimes we're dead wrong.

Now comes the cessation of hostilities between Army and Notre Dame in football. Many reasons have been given for the break. All could come under this heading:

The game got too big for its moleskins.

But some one started the ball a rolling. Everything points to West Point and its able coach, Earl (Red) Blaik, class of 1920.

Notre Dame football players probably will supply the answer when they meet the U. S. Military Academy team in the 34th and final game of the series on Nov. 8 at South Bend, Ind.

It seems there are a few athletes around South Bend, athletes who went off to war while Army was handing out those 59-0 and 48-0 thumpings to Irish teams in 1944 and 1945.

That 59-0 lacing of '44 was the worst in Notre Dame football history. Today there still are Army men who feel such a score was unnecessary and there are Notre Dame football men who some day would like to see that score reversed.

Let's look back a few months in case there are any who feel that football coaches look only as far ahead as their next opponent.

It was last Oct. 25, on the eve of the Duke game, that Coach Blaik said:

"Notre Dame has more manpower right now than we ever had at West Point."

Maybe Blaik forgot, for the moment, Army manpower vs. Notre Dame manpower in the years of '44 and '45. Notre Dame, at any rate, didn't.

The Irish had every Army game watched last season by the sharp eyes of Scout Jack Levelle. People saw so much of jovial Jack at Army games in 1946 that he usually was introduced or pointed out as "the man who scouts Army for Notre Dame."

What Notre Dame was going to do to Army's team in the 1946 game wasn't generally known to the football world, but it was known around South Bend and also at West Point. Both teams went into spring football practice many days before the major league baseball races opened. Egad! Football in the spring. It's bad enough in the winter.

Coach Blaik was asked how he felt about losing Glenn Davis and Doc Blanchard, his three-time All-America backs, and what the future held.

"Please don't remind me," said Blaik.

It was a straight-from-the-shoulder answer and just about ended the brief interview. I can appreciate how Coach Blaik felt. Every team gunned for the Army scalp and as the Cadets piled up victory after victory the scalp loomed all the larger with Notre Dame coming up.

The scoreless tie of 1946 really was a moral victory for Army. Notre Dame was supposed to have many more replacements, the Irish outweighed the Army and look what happened to the Big Nine teams that played Frank Leahy's charges. None scored more than one touchdown.

Blaik, I have been informed, saw the handwriting on the wall and it was the Cadet coach of the last six years who first suggested that football relations be severed with Notre Dame.

You have to admire Blaik for what he has done even though no one, it seems, can get him to admit it right out in the open. Year in and year out, the Irish are too tough, especially in football togs.

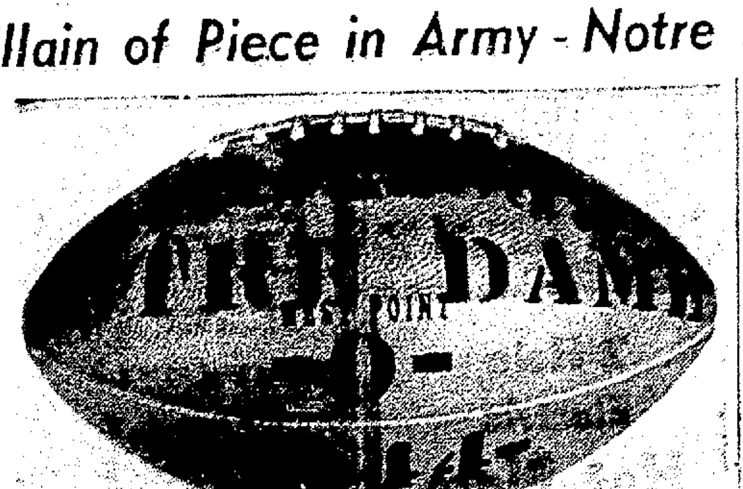
How well Blaik knows this. In four meetings with Leahy-coached Notre Dame teams, Blaik's Black Knights have failed to register a touchdown, field goal or even a safety. That 59-0 beating in '44 found the Irish under the guidance of Ed McKeever and in '45, Hughie Devore as head coach.

When the final curtain falls next autumn, the overall Notre Dame-Army score should read:

Notre Dame won 23, Army won 7 (four games ended in ties).

It appears that Notre Dame will be a real football powerhouse next fall. Maybe it will be too strong for its own good. After all a football coach's principal job is to win games and you can't win 'em against the kind of a team Notre Dame figures to have.

Football relations between Notre Dame and Army could be resumed some day. It all depends on how the Irish feel when they meet Army next November. If they still seek to avenge the 59-0 and 48-0 lickings the chance will come next fall. They may never get it again.



Here's the football used in Army's 59-0 rout of an inferior Notre Dame eleven of 1944. - It stands in a trophy case at West Point. Notre Dame's last chance to retaliate will come this fall when the famous series terminates.

WEST SPURNS TAFT FOR "DARK HORSE"

By The Associated Press

SPOKANE, Wash., Sept. 29—The apparent failure of Senator Taft (R-Ohio) to excite any vocal support of his expected bid for the 1948 Republican preidential nomination prompted predictions today the Pacific northwest will be wide open for a "dark horse" candidate for the G.O.P. nomination.

Although Taft has won personal support for his yet unannounced intention to seek the nomination, there was evidence that this area is ripe for any "dark horse" candidate who shows his head at next June's Republican convention in Philadelphia.

In fact, more uncommitted Republicans are talking in this area of General Dwight D. Eisenhower than possibly any other candidate. There is some discussion of Senator Arthur Vandenberg (R-Mich).

Taft was said by professional politicians to have made little advance in his prospects for the nomination in his Pacific northwest appearances. The Ohio senator seemingly 1 ifaedtpolesae tor seemingly failed to please audiences which were prepared to applaud him liberally.

At Corvallis, Ore., Saturday night, Taft launched a vigorous attack on what he said was the "half" Communist dominated CIO PAC.

A red-shirted student and former GI, Henry W. Hendricks, challenged him to say why Communists should not be leaders of influential unions.

The Ohio senator, co-author of the Taft-Hartley labor law, replied that he did not believe anybody who subscribed to the theory that the American government should be overthrown by force should hold a responsible position in a union organization.

In response to another question, however, Taft said as "a matter of fact, a number of CIO unions are Communist-dominated" and he would be glad to furnish the names of these organizations.

"They are maybe a little less than half, but a very considerable number of them are considered by labor union leaders themselves to be Communist - dominated," he said.

However, the Ohio senator said he is satisfied the CIO never has been dominated by Communists, although he said the PAC often has leaned in that direction.

SHIPPING WALLOWS IN HIGH COASTAL SEA

By The Associated Press

JACKSONVILLE, Fla., Sept. 29—Coastal shipping from Florida's Keys to North Caroline wallowed today through a running sea which beat heavily against the shore and which already has disabled two ships, sent a tug to the bottom and cost two lives.

The SS Bayano reported a man lost overboard off the eastern tip of Cuba, while farther north the Navy tug 234, off Georgia, broke her low-line, capsized and went down carrying one man to the bottom.

At Savannah, Ga., the Coast Guard cutter Aurora put out to the assistance of the motor vessel Julius H. Barnes, disabled and drifting 85 miles off New Smyrna, Fla.

Trouble With Book Publishing Is Greedy Authors Like Othman

By FREDERICK C. OTHMAN

United Press Staff Correspondent

SHINGTON, Sept. 23—The trouble with the book publishing is greedy authors like that fellow, Othman

tossed off a book a while back for which his friends have ying $2.50 per copy. In some cases they have demanded ney back, but in general ve charged the loss off to ce. Othman, without s to anybody, has been n about 30 cents for each He jingles when he walks. the poor old publisher and n-looking bookseller are ke with only $2.20 to divide between them.

think Othman would be of himself. And all the ok writers, too. Wallowing in their ill-gotten 30- and trying to make the think they had something tance to do with the publication of their own books.

Publishers May Quit

have got to quit mulcting shers and that is official. don't agree to cut down of their loot, I wouldn't sed if the publishers dis- with their services alto-

Cerf, who is an author ne to noon and a publisher one to six, first brought up ject. Publisher Cerf, as of Random House, wrote that publishers were in a bad way of soaring costs. No matter how much they hiked the price of their books, he said, the costs get ahead of 'em.

Publisher Cerf then held a conference with himself, I have no doubt, and told Author Cerf (a specialist in joke books) that he'd have to squeeze the juice out of his royalties. I didn't learn what Author Cerf replied to himself.

Then came Alfred R. McIntyre, president of Littel, Brown and Co., one of the oldest publishing houses in America, with a wail in the Atlantic Monthly titled "The Crisis in Book Publishing." There isn't much hope for the industry, he said, unless the authors agree to chop the size of their take.

He sent a copy of this statement to Othman, who laughed and laughed and laughed. He's all caught up with writing books. His ego's so badly bruised he carries it in a sling. The devil with the author racket, he says.

This Othman was a flattered newspaper reporter, I can tell you, when a publisher stuck under his nose a contract for a book.

"What kind of a book?" he asked.

"Just Make It Thick"

"A thick one," the publisher said, then smiled, but he was not spoofing. It turned out that the heftier the book, the more the selling price, the bigger the commission for the salesmen and the higher the profits for the store keeper. They sell literature by weight.

This pained Author Othman; he asked if the book shouldn't be of the best possible literary quality?

"That," replied the publisher, "is important—too."

So Othman signed the contract, a lengthy document full of whereases, in which the publisher promised to give the author, for his very own, six free copies of his book. He also promised Othman ten per cent of the take from the first 2,500 copies, 12½ per cent from the next 2,500, and 16 per cent for the rest.

Othman took an advance against his royalties. He spent a couple of pleasant hours, or maybe it was three, writing his book. He got his six free books as per contract. And since then he has been receiving formal statements at intervals from the publisher, proving that the poor guy is going deeper by the week in the red.

Authors (you, too, Othman), have a heart.

Former Morrow Co. Teacher Found Dead

MT. GILEAD, Sept. 29 — Miss Cora Vinetta Hershner, 66, retired school teacher, was found dead in her home located between Mt. Gilead and Johnstown, Sunday morning by a neighbor. She lived alone.

After a telephone conversation with Miss Hershner, the neighbor believed that she was not feeling well and went to her home. Dr. Frank Sweeney, Morrow county coroner was called. Cause of death was pronounced heart attack.

Born July 11, 1881, in Morrow county, Miss Hershner was a daughter of Jacob and Alice Snyder Hershner. She taught school in Morrow county and in Cleveland, and retired four years ago. She was a member of the United Brethren church at Johnsville. Only survivors are cousins.

Funeral services will be conducted Tuesday at 1 p. m. in the Craven funeral home here by Rev. Harry Adams of Toledo and Rev. C. C. Nichols of Johnsville. Burial will be in Shauck cemetery at Johnsville. Friends may call at the funeral home.

ANGELS TAKE MEASURE OF MENDON RED JACKETS, 32-0

Local Semi-Pro Gridders Keep Unbeaten, Unscored On Record

By GEORGE ROEST

Safety Cab Angels, local semi-pro grid contingent, opened in the Inter-State league at Harding stadium Saturday night, rambling to a 32-0 victory over the Mendon Red Jackets.

Although the visitors exhibited their share of scrap, the brand of football taught by Coach Gene Fetter, which combines straight football and razzle-dazzle, was more than they could cope with. Approximately 1,800 saw the game.

Mendon was admittedly the weakest of the three teams which Marion has shut out this season. It was a breather, but Mendon provided just enough opposition to enable the locals to polish up for Sunday's game at Indianapolis against the 7-Up All-Stars, who have for the past two years been the Indiana semi-pro football champ. It will be another Inter-State league meet.

Score In 1st Frame

Marion's first six points came in first quarter when Max Roseberry and Howard Richardson "squeezed" a fumble out of Mendon halfback Ford. The two Marion ends smeared Ford behind his own line, as he tried to advance from the Marion 41. Richardson recovered the resulting fumble after it had rolled to the Mendon 26.

Simmons and Reams sparked the drive to the goal line with Ivey plunging off right tackle for the touchdown. Lloyd Cheney's attempted placekick was blocked.

A few minutes later, the locals tallied again when Max Roseberry, in "sleeper" position, snagged a Leo Belknap pass and ran 20 yards to score. Cheney's kick was good.

The second quarter was scoreless with Mendon finishing the half on the local 30 after a sustained drive from the Mendon 17, sparked by 235-pound quarterback Dick Metzner.

Intercepts Pass

King Keller intercepted a Mendon flat pass on the visitor's 45-yard stripe in the third quarter and took off for the promised land, going over standing up. Cheney made good his conversion attempt.

Max Roseberry successfully "slept" again in the fourth quarter for a touchdown and Howard Hodges swept left end for 13 yards and the final Angel pointer. Both conversion attempts failed.

Ohio Northern Books Homecoming Tilt Oct. 18

The Homecoming football game between Ohio Northern university and Wittenberg college of Springfield will be played at Ada, O. on Oct. 18, according to an announcement from the university alumni office.

Plans were originally made to have the game at Kenton. At the time the schedule was made the Northern university stadium was still in the first stages of construction. Although it is not fully completed, plans have been made to have all home games at Ada, including the Homecoming day game.

CRYSTALS WIN TITLE AT CARDINGTON MEET

Whip Marengo, Centerburg To Clinch Championship.

Smitty's Marion Crystals emerged winners in the Cardington tournament yesterday, topping Marengo, 5-1, in the semi-finals, and edging Centerburg 3-2 for the championship. By virtue of their two wins in the Cardington tournament, Smitty's Crystals ended the season undefeated.

Walters, Anderson, and Dillion were hitting heroes of the Marengo game, each getting two for three trips. Cook, Walters, Dillion and Loper each made two base hits for the crystals, while Walls made an extra base knock for Marengo.

The Crystals settled for seven singles in the Centerburg game, one each for seven men. Centerburg's McDonald and Alban hit triples, and Barney and Alban knocked doubles.

Culver, on the Crystal mound in that game, struck out nine while allowing five hits.

Smitty's four teams in play this season have a total of 62 wins and 16 losses. The Crystals baseball team record stands at 12 and 6, the Smitty's All Stars softball team, 25 and eight, with Millsor's no-hit game against Prospect, and the All Star 12-inning victory over Richwood, standing as the highlights of the season; Smitty's Night league team, eight and two, and Smitty's Maids softball, 17 and six, with a district championship.

Shea To Pitch for Yanks In Opener; Shotton Silent

By The Associated Press

NEW YORK, Sept. 29—Freshman Frank (Spec) Shea, named by Manager Bucky Harris to pitch tomorrow's World Series opener for the New York Yankees, probably will be opposed by 21-year-old Ralph Branca, Brooklyn's ace 21-game winner, with lefty Vic Lombardi a strong second choice.

Harris tabbed Shea, the first American league rookie ever to hurl the first game of a series, for opening duty after yesterday's season final with the Athletics, but Manager Burt Shotton still refused to name his starting Dodger.

It could be that Shotton, who piloted the Brooks to the flag by a five-length margin although he joined the club after the season had started, will wait until the morning of the first game before making known his decision. Burt already knows who it will be but he doesn't want to take a chance on having one of his young men mull over the possibilities for 24 hours.

Branca Needs Rest

Branca, the top man of the staff on the won and lost records, 21-12, is the best bet. Leo Durocher made the mistake of using a "sleeper," Curt Davis in the 1941 opener before pitching his ace, Whit Wyatt, and he never got out of the barrel. If Branca works tomorrow he'll be ready to come back fully rested for the fifth game. A full-three-day rest is a "must" for Branco who is not effective with less.

If Shotton operates on the theory that lefthanded pitching is his best bet against the Yankees he may call on Lombardi, a half pint southpaw who makes up for lack of a zooming fast ball with a cute curling curve and good control.

Outside of some concern about catcher Bruce Edwards, whose right finger tips have been battered by foul tips, the Dodgers were in good shape for their final tune-up at Ebbets field this morning. Edwards will, of course, start, but Shotton used Bobby Bragan yesterday in Boston just in case Bruce's fingers may not be able to take further battering in the series.

The Yankees lineup will carry no surprises. Harris disclosed he will follow his customary batting order with George Stirnweiss at second base, Tommy Henrich in right field, Larry Berra, catching, Joe DiMaggio in center field, George McQuinn at first base, Bill Johnson at third base, Johnny Lindell in left field, Phil Rizzuto at shortstop and Shea, whose season record is 14-5. Should a lefty start for the Dodgers, Berra will start but he will bat eighth with Lindell moving to third and Rizzuto to seventh.

There was every indication that a new attendance record for a single series game would be set tomorrow at the Yankee stadium, site of the first two games.

About 72,000 persons are expected to pay a new gross gate high of $300 000. All the 52,975 reserved and box seats have been sold for weeks, 7,000 standing room tickets (at $4) have been on sale for a week and only 12,000 bleacher seats remain to be sold. The bleacher ticket sale opens at 8 00 a. m. the day of each game.

The present record for attendance at a single series game is 69,990 in the 1943 series and for gross receipts $269,408, in the 1942 series. Both at Yankee stadium.

On the basis of their pitching staff and a decided edge in the outfield combination of DiMaggio, Henrich and Lindell, the Yankees remained favorites at about 2 to 1.

The Yanks will be shooting for their 11th triumph in 15 series and the Dodgers still are looking for their first win after failures in 1916, 1920 and 1941.

Marion Loses First Game To Zanesville Dodgers, 7-6

Special to The Star

ZANESVILLE, Sept. 29—The Zanesville Dodgers, winners of the 1947 Ohio State league pennant, earned a 1 to 0 lead over the Marion Cubs in the Shaughnessy playoffs by edging the Cubs here yesterday, 7-6.

An involved triple play—the first of the year on the Dodgers' home ground—featured Zanesville's victory over the Cubs in the opener of the best-of-seven series.

It happened in the fourth, when Shuford walked, Bobzean singled, and Forbes walked. Nelson, up next, beat out a hit to deep short, scoring Shuford. With the bases filled, Hollingshead hit a line drive to Don Hilbert in right field for the first out. Hilbert threw to Dabek at home to cut off Bobzean. Bobzean started back to third and went out Dabek to Luberto for the second out. In the meantime, Forbes had left second, and Luberto threw to Lien, trapping Forbes between second and third for the third out.

In the second inning, Forbes, a left-handed hitter blasted one to left field for a home run. There were none on.

Dill hit a homer for the Dodgers with one on in the third.

Marion nearly pulled the game from the fire in the ninth, having the tieing and winning runners on base when J. Smith went out to first unassisted.

The Cubs will stay in Zanesville tonight, then come to Marion for three games. If more games are needed after Thursday, the two teams will play in Newark, since the Zanesville park is tied up with a Sesqui-Centennial celebration.

A paid attendance of 1,743 watched the game, including an estimated 200 Marion fans.

Zanesville	112 001 02x—7	11 2

Oldtimers "Sparkle" And Years Roll Away

By OSCAR FRALEY

United Press Sports Writer

NEW YORK, Sept. 29—They were still gloried and storied ball players—to the heart if not to the eye.

They had come from all sections of the country, names and legends out of the past, to aid the Babe Ruth foundation.

And as time rolled back the pages and men like Babe Ruth, Ty Cobb, Lefty Grove, Home Run Baker, Chief Bender and Red Faber stepped out to take a bow at Yankee stadium yesterday you forgot the present.

You didn't see the shining pates, the bowed shoulders or the wavering walks. You saw once again the hustling, confident men who wrote baseball history with their skill, speed and daring.

Sure, it was an optical illusion. For Cobb of the flashing feet is slow and wrinkled now. Tris Speaker the old "Gray Eagle" is white on top and all of them showed the poison of age. But your heart cried out in agony the most when the crowd roared its tribute to the Babe.

Still Baseball's King

He's still the big guy of baseball, of this or any day. They showed him that.

But looking at the Bambino you felt how fast the old days are slipping into the past. Still fighting for recovery from an operation, Ruth clutched a microphone and in a ghostly, choking whisper which at times was barely audible he told them:

"I sound pretty bad folks. But these dollars for the kids is from your hearts and my heart."

Ruth walked out among them then, shaking hands with other fallen stars like Harry Hooper, Duffy Lewis, Mickey Cochrane, Earle Combs, Wally Pipp and Waite Hoyt. He posed with Cobb and Speaker and, amid the singular silence of a large crowd, tottered a few steps off by himself, turned his back on the other men of a bygone era and looking out toward centerfield hastily wiped his eyes.

The "old men" huddled then and picked teams for a two-inning exhibition and gathered there at home plate was the highest priced talent in baseball annals—with its value run out.

Schang Throws Cobb Out

Hoyt was on the mound and the years stole away as Cobb went to the plate. The "Georgia Peach" dragged a bunt and you startled as Wally Schang threw him out when he was only halfway to first.

Harry Hooper reached first as Wally Pipp fell and went to second on Pipp's overthrow. Speaker doubled as of old but Duffy Lewis popped to Red Rolfe and Jimmy Foxx struck out on Hoyt's meandering "fast ball."

Combs led off by popping to Al Simmons. Rolfe walking. George Selkirk grounded out, Gehringer to Simmons at second. Mark Koenig swung lustily — and grounded meekly to Gehringer.

The customers screamed for a second inning and the old boys obliged. With Lefty Gomez pitching, Cochrane grounded and Gehringer walked. But Home Run Baker hit into a double play. Gomez to Koenig to Pipp.

With Faber pitching, Pipp popped to Gehringer and Aaron Ward lifted a mild fly to Simmons. Schang walked then and went to second as Gomez singled—one his friends will never hear the end of. Then Combs sailed one over Speaker's head and as Tris stumbled back to the wall for the ball three runs scored. For Combs, once one of the fastest men in baseball, that stretch from third to home was a panting faltering mile.

That "homer" brought down the house, but you couldn't help remembering the days when the "Gray Eagle" would have stuck it in his hip pocket. They really were "the good old days."

Five Planes Damaged In Emergency Landing

By The Associated Press

CHESAPEAKE, O., Sept 29—Fourteen military personnel escaped uninjured when an Army C-54 plowed into five private planes during an emergency landing at Huntington airport early yesterday.

Airport Manager Carlton Clark said the accident occurred because of "inadequate lighting." The Army ship was enroute to Greenville, S. C., from Bergstrom field, Austin, Tex.

Off-course, the C-54 pilot decided to land here because of a fuel shortage. Clark said the airport runway was not marked with ground lights and that the plane came in about 400 feet north of the strip, landing all right but one wing raked five parked planes, damaging four.

The accident coincided with preparations for a drive to realize $40,000 to improve airport facilities.

Of players who have participated in every game during a World Series, George McQuinn of the Yankees ranks tenth in the batting averages. He hit .483 for the St. Louis Browns during the six-game Cardinal series in 1944.

Newell Minard Wins Marion County Golf Tournament

Eliminates John Dugan In Final To Be Awarded Star Trophy

Newell Minard won six up and five over John Dugan yeste at Mar-O-Del to take the 1947 Marion county golf champ His first championship, Minard will take possession of The M Star trophy for one year. He won permanent possession of Y's Men's Service club trophy.

Playing a steady game in the 36-hole finals, Minard made deadly approach shots and swung a hot putter to take Dugan, in trouble on iron shots. Tee shots for both men went remarkably well throughout the game.

Beat Owens

Minard reached the finals by defeating Richard Owens, 7 and 6, on Sept 24; Dugan got there by virtue of a 4 and 2 victory over former champion John Rife.

Second flight championship went to Jerry Partlow, who won over Bill Luse seven up and six in the 18-hole match. Luse entered the finals with a 2 and 1 win over Richard Meister, while Partlow had defeated Elmore Chivington one up in 22 holes.

Wins Third Flight

Third flight winner was Ed Cheney, winning one up over Marion Cheney. Marion Cheney reached the finals yesterday by defeating D. A. Gibb 5 and 4 while Ed Cheney had won over Jack Bray, 4 and 3.

Kenneth Fields won the fourth flight championship by defeating Stewart Norris one up. Norris had defeated King Keller 2 up in the semi-finals, while Fields had taken John Smith two and one.

All semi-finalists and finalists in the tournament will receive prizes donated by Marion merchants.

History-Making Ball Season Closes for 14 Major Clubs

By JOE REICHLER

Associated Press Sports Writer

Major league baseball for the 1947 season is ended for everybody but the Brooklyn Dodgers and New York Yankees today, but few of the more than 20,000,000 record paying customers who have watched the big league stars perform will forget the tumultuous events which have occurred during the past six months.

They have seen baseball history created when Jackie Robinson made his debut with the Dodgers to become the first Negro to crash the majors in modern times. And they also saw Robinson make good to help the Brooks win their first flag in six years.

The fans also saw the peculiar picture of a New York Giant team smash out a record breaking 221 homers and yet wind up fourth in the standings, 13 games off the pace. Led by Johnny Mize, Willard Marshall, Walker Cooper and Bobby Thomson, who collected 151 circuit blows among them, the Giants broke the old mark of 182 set by the 1926 New York Yankees.

Tie for Lead

Mize crashed 51 to tie Ralph Kiner of Pittsburgh for the major league lead. They fell five behind Hack Wilson's National league record of 56 and nine behind Babe Ruth's 1927 major league standard of 60.

The 1947 season also saw the suspension of Leo Durocher by Commissioner A. B. (Happy) Chandler as manager of the Dodgers for "conduct unbecoming a major league manager."

Another manager, Billy Herman, of the Pirates, got the axe when he could not bring his club higher than a seventh place tie finish. Mel Ott, the Giants' pilot, also announced his retirement as an active player after 22 seasons during which he set a flock of hitting marks.

The Yankees, in cruising to their 15th pennant, all coming since 1920, tied a 41-year-old record by stringing together 19 straight victories. The old Chicago White Sox of 1906 were the only other club to do it.

The best pitching feat was turned in by sophomore pitcher Ewell Blackwell, who registered 16 straight victories during one stretch to easily rank as the number one pitcher of the year. The Cincinnati Red hurler also pitched a no-run, no hit game and came within two outs of tying Johnny Vander Meer's record of two straight no-hitters. Pitchers Don Black of the Indians and Bill McCahan of the Athletics also hurled no-run, no-hit games.

The hitting honors were captured by Ted Williams of the Red Sox and Harry Walker of the Phils. Williams' American league leading mark of .343 was not surprising, but Walker's top .362 figure in the National league fooled many experts. Williams also led his loop in home runs, runs batted in, bases on balls and runs scored.

Buddy Kerr of the Giants established a fielding record for shortstops by playing through 68 games and handling 386 consecutive changes without an error.

The Yankees closed their season yesterday by drawing 25,000 for the Old-Timers' game which saw a team composed of old-time American league stars, headed by Ty Cobb and Tris Speaker, lose to a team of former Yankees 3-0 in a two-inning exhibition "game."

The Yankees defeated the fifth place Athletics, 5-2, in the regularly scheduled game to win the American league flag by 12 games.

The Tigers defeated the Indians, 1-0, to retain second place by two games over the defending champion Red Sox, who lost to seventh place Washington, 5-1.

Although Dizzy Dean, former great of the Cardinals of the '30's, pitched four scoreless innings in his first big league appearance since his retirement in 1940, the last place Browns were beaten by the sixth place White Sox, 5-2.

The third place Braves nipped the Dodgers 3-2, and the fourth place Giants and seventh place Phils split a doubleheader, the Giants winning the opener, 4-1, and the Phils taking the second, 3-1.

The sixth place Chicago Cubs took a 3-0 victory over the second place Cardinals while the Pirates shut out the fifth place Cincinnati Reds 6-0.

BEN HOGAN WINS

CHICAGO, Sept. 29 — Ben Hogan of Hershey, Pa., went back in the top spot in the list of professional money winners today after taking the $5,000 first prize in George S. May's second international golf tourney.

Case No. 17262.

Sept.15,22,29,1947.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO

Proposing to amend Article VIII of the Constitution of the state of Ohio to provide for the payment of compensation by the state of Ohio to its residents who shall have served in the armed forces of the United States in World War II, or to their survivors, and to issue bonds of the state of Ohio to provide the funds therefor.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house thereof concurring therein. That there shall be submitted to the electors of the state of Ohio, in the manner prescribed by law, at the general election to be held on the first Tuesday after the first Monday in November, 1947, a proposition to amend Article VIII of the Constitution of the state of Ohio by adding thereto immediately after section 2a of said Article a new section as follows:

2b. The board of commissioners created by section 8 of Article VIII of the Constitution of the state of Ohio, designated therein "The Commissioners of the Sinking Fund", shall, forthwith upon the adoption of this amendment, proceed to issue and sell, from time to time, bonds of the state of Ohio in such amounts of face value as it may deem necessary to provide the funds, or such part thereof, as may be required to pay the compensation and the expenses of administering this section as herein provided for, provided, however, that the aggregate total amount of face value of bonds so issued shall not exceed three hundred million dollars. The full faith and credit of the state of Ohio is hereby pledged for the payment of such bonds. All bonds so issued shall mature in thirty semi-annual installments after the respective dates thereof, and the maturities thereof shall be so fixed that the total amounts of payments on account of principal and interest to be paid on each of such semi-annual installment payment dates shall be approximately equal, but no such bonds shall be issued or bear dates later than the first day of April, 1951. All bonds so issued shall bear interest at such rates as The Commissioners of the Sinking Fund may fix, which interest shall be payable semi-annually. Such bonds, and the interest thereon as income, shall be exempt from all taxes levied by the state of Ohio or any taxing district thereof. The bonds may, at the option of the Sinking Fund Commission, be issued subject to call on any interest payment date at par and accrued interest. All sales of such bonds by The Commissioners of the Sinking Fund shall be in accordance with such regulations as it shall make and promulgate, provided, however, that such bonds shall be sold only to the highest bidder or bidders therefor after notice of such sale shall have been published once each week for three consecutive weeks on the same day of each of such weeks, the first of such notices being published at least twenty-one full days before the date of sale, in a newspaper of general circulation in each of the eight most populous counties in the state of Ohio, and provided that each of such published notices shall state the day, hour and place of the sale, the total face value of the bonds to be sold, their denominations, dates, and the dates of their maturities, information relative to the rates of interest which the bonds will bear, and the dates upon which interest will be payable. The Commissioners of the Sinking Fund shall have the right to reject any or all bids and to re-advertise and re-offer bonds for sale. Out of the proceeds of the sale of all bonds that amount which represents accrued interest, if any, shall be paid into the treasury of the state of Ohio into a fund to be known as the World War II Compensation Bond Retirement Fund. The balance shall be paid into the treasury of the state of Ohio into a fund to be known as the World War II Compensation Fund. The General Assembly of the state of Ohio may appropriate and cause to be paid into the World War II Compensation Bond Retirement Fund or the World War II Compensation Fund, out of the funds in the treasury of the state not otherwise appropriated, such amounts as it may deem proper for use upon order of The Commissioners of the Sinking Fund for the purposes for which such funds are created as herein provided. If the General Assembly should so appropriate any funds to the World War II Compensation Fund prior to the time The Commissioners of the Sinking Fund shall have issued bonds of the aggregate total amount of face value authorized in this section, the aggregate total amount of face value of bonds so authorized to be issued shall be reduced by the amount of the funds so appropriated.

During the period of fifteen years beginning January 1, 1949, the treasurer of state of the state of Ohio shall, without appropriation thereof by the General Assembly, transfer into said World War II Compensation Bond Retirement Fund one million dollars each month out of funds in the state treasury derived from taxes levied by the state for the purpose of providing revenues to defray the expenses of the state, excepting the taxes levied by the state by sections 5527, 5541, and 6291 of the General Code of Ohio as the same may be in effect on the effective date of this section. To secure such monthly transfer of funds a lien is hereby created upon all funds coming into the state treasury after January 1, 1949, derived from taxes as aforesaid, which lien shall be the first and best lien upon all such funds. It shall be the duty of the treasurer of state to set aside and use for the purpose of making such monthly transfer of funds, part of each dollar received in the state treasury in each calendar year during said period of fifteen years beginning January 1, 1949, derived from taxes as aforesaid, so that the total amount of money so set aside in each of such calendar years shall be twelve million dollars, and so that the ratio which the amount of each dollar so set aside shall bear to one dollar shall be the same as the ratio which the amount of twelve million dollars shall bear to the total amount of money received in the state treasury in such calendar years derived from taxes as aforesaid. The treasurer of state shall set aside such part of each such dollar before paying out, transferring, or disposing of in any other manner, such dollar or any part thereof for any other purpose whatsoever, and he shall make the transfer of one million dollars each month to the World War II Compensation Bond Retirement Fund hereinabove provided for, out of said sum of twelve million dollars so set aside in each of such calendar years.

The Commissioners of the Sinking Fund shall, on or before the first day of July in each calendar year, levy and certify to the auditor of the state of Ohio a state tax on all taxable property subject to taxation on the general tax lists of all counties in the state of Ohio for such year at such rate as it shall determine to be necessary to provide, together with other money which will be available in the World War II Compensation Bond Retirement Fund, the total amount of funds which will be required in the next following calendar year for the retirement of bonds and the payment of interest payable in such year. Such levy shall be in addition to all other taxes levied now or hereafter within the period during which bonds issued pursuant to the provisions of this section shall be outstanding, by or pursuant to law or any provision of the Constitution of the state of Ohio, and shall not be considered in applying any limitation or aggregate tax rates now or hereafter within the period during which bonds issued pursuant to the provisions of this section shall be outstanding, provided by or pursuant to law or any provision of the Constitution of the state of Ohio. The auditor of state shall certify such levies to the auditor of each county in the state of Ohio, who shall extend the same on the tax lists of his county for the year in which such levy is made and shall place same for collection on the tax duplicates of his county to be collected at the same time and in the same manner as other taxes on such duplicates. Said taxes herein authorized, when collected, shall be paid into the World War II Compensation Bond Retirement Fund in the treasury of the state. The World War II Compensation Bond Retirement Fund shall be paid out, without appropriation thereof by the General Assembly of Ohio, upon the order of The Commissioners of the Sinking Fund for the purpose of the payment, or retirement in other manner, of said bonds and interest thereon.

The World War II Compensation Fund shall be paid out upon order of The Commissioners of the Sinking Fund, without appropriation by the General Assembly of Ohio, in payment of the expenses of administering this section, and as compensation as follows: every person who shall have served in active duty in the armed forces of the United States at any time between December 7, 1941, and September 2, 1945, both dates inclusive, and who, at the time of commencing such service, was and had been a resident of the state of Ohio for at least one year immediately preceding the commencement of such service, and who shall have been separated from such service under honorable conditions, or who is still in such service, or who has been retired, and who was in such service for a period of at least ninety days, shall be entitled to receive compensation of ten dollars for each month during which such person was in active domestic service and fifteen dollars for each month during which such person was in active foreign service within said period of time; provided, however, that any person who was serving in active duty in the armed forces of the United States on the seventh day of December, 1941, and who did not so serve at least ninety days thereafter because of a service-connected injury or death shall be deemed to have served at least ninety days within the period of time commencing December 7, 1941 and ending September 2, 1945; and provided, further, that the maximum amount of compensation payable under this section shall not be in excess of four hundred dollars; and provided, further, that no compensation shall be paid under this section to any person who shall have received from another state a bonus or compensation of a like nature as is provided under this section. No compensation shall be paid under this section to any person for any periods of time spent under penal confinement during the period of active duty. Compensation for a fraction of a month of service shall be paid on the basis of one-thirtieth of the above monthly amounts for each day of such service. Service in the merchant marine of the United States shall not be considered for the purpose of this section. "Domestic service" as used herein means service within the continental limits of the United States (excluding Alaska). "Foreign service" as used herein means service in all other places, including sea duty.

Either the surviving husband or wife, or the surviving child or children, or the surviving parents or parent, of a deceased person shall be paid the same amount of compensation that such deceased person would be entitled to receive under this section, if living; provided, however, that if such deceased person's death was service-connected and in line of duty, his survivors as hereinbefore designated, shall be paid four hundred dollars regardless of the amount of compensation which such deceased person would be entitled to receive under this section, if living; provided further, that the amount of compensation payable to such survivors of such deceased person shall be payable only to one of the three groups of survivors hereinbefore designated in the order in which said groups are herein named; and provided further, that the surviving husband or wife of more than one deceased person who would be entitled to receive compensation under this section, if living, shall be paid only that amount of compensation payable by reason of the first of the deaths of such deceased persons.

No sale or assignment of any right or claim to compensation under this section shall be valid, no claims of creditors shall be enforceable against rights or claims to or payments of compensation under this section, and no fees shall be charged for services in connection with the prosecution of any right or claim to compensation or the collection of any compensation under this section.

The Commissioners of the Sinking Fund shall have complete charge of making payments of the compensation provided for in this section and shall adopt and promulgate regulations governing their procedure in connection therewith, including determinations as to who are proper beneficiaries and amounts to which such beneficiaries are entitled, determinations as to whether an applicant has the necessary residence requirements, and such other regulations as it may deem necessary and proper; provided, however, that all applications for payment of compensation under this section shall be made to The Commissioners of the Sinking Fund before July 1, 1950.

The Commissioners of the Sinking Fund shall select and appoint such legal counsel and employees as it may deem necessary, fix their compensation and prescribe their duties, and all such appointees shall serve at its pleasure.

The people of the state of Ohio declare that their enactment of this special amendment of the Constitution of the state of Ohio is to meet the specific emergency covered thereby, and they declare it to be their intention to in no manner affect or change any of the existing provisions of the said Constitution except as herein set forth. The provisions of this section shall be self executing.

Upon the retirement of all of the bonds that may be issued hereunder and the payment of all valid claims for compensation made within the limitations of time as prescribed herein, The Commissioners of the Sinking Fund shall make a final report to the General Assembly of Ohio, and any balance remaining in any of the funds herein created and referred to shall be disposed of as shall be provided by law.

Be it further resolved, That at the election herein designated for the submission of this amendment to the electors of the state of Ohio, the same shall be placed on the official ballot in the manner prescribed by law and shall be designated as follows:

	YES	To amend Article VIII of the Constitution of the state of Ohio to provide for the payment of compensation by the state of Ohio to its residents who shall have served in the
	NO	armed forces of the United States in World War II, or to their survivors, and to issue bonds of the state of Ohio to provide the funds therefor.

And be it further resolved, That the required publication of the said proposed amendment shall be made and the form of ballot to be used in said election for the submission thereof shall be prepared by the secretary of state of the state of Ohio in conformity with the above provisions. If a majority of the electors voting on said amendment shall be declared according to law, to have voted in favor thereof, the governor of the state of Ohio shall make proclamation thereof forthwith.

ORDINANCE NO. 4948

AN ORDINANCE TO ISSUE NOTES IN ANTICIPATION OF THE LEVY OF SPECIAL ASSESSMENTS FOR IMPROVEMENT OF MERCHANT AVENUE BY CONSTRUCTING A CONCRETE SIDEWALK ON THE EAST SIDE OF MERCHANT AVENUE FROM EAST CHURCH STREET TO INDIANA AVENUE AND ON THE WEST SIDE OF MERCHANT AVENUE FROM HOUSE NO. 215 SOUTH TO INDIANA AVENUE.

WHEREAS, Council of the City of Marion, Ohio, has resolved by Resolution No. 3415 to construct a concrete sidewalk on the east side of Merchant Avenue from East Church Street to Indiana Avenue and on the west side of Merchant Avenue from house No. 215 south to Indiana Avenue, and

WHEREAS, This Council contemplates the use of $2,990.70 for the purpose of paying the portions of the cost of said improvements which are to be paid by assessments.

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Marion:

SECTION I. That it is hereby declared necessary to issue the bonds of the City of Marion, Ohio, in the principal sum of $2,990.70 for the following improvement: for the construction of a concrete sidewalk on the east side of Merchant Ave from East Church St. to Indiana Ave. and on the west side of Merchant Ave. from house No. 215 south to Indiana Ave.

SECTION II. That said bonds shall be of the denomination of:

1 @ $ 990.70
2 @ $1,000.00

and shall be dated the 1st day of October, 1947; shall bear interest at the rate of 2% per annum, payable semi-annually on the first days of March and September of each year until the principal sum is paid, and shall mature in four semi-annual installments after their issuance.

SECTION III. That for the purpose of raising money in anticipation of the levy of special assessments and in anticipation of the issuance of bonds in anticipation of the collection of special assessments for the improvement of the above-named Street by construction of a sidewalk on the east side of Merchant Ave. from East Church St to Indiana Ave. and on the west side of Merchant Ave. from house No. 215 south to Indiana Ave. In accordance with the legislation heretofore passed by the City Council with respect thereto, to pay the property owners' share of the cost and expense of said respective improvements, it is hereby declared necessary to issue and there shall be issued notes of said City in the amount of $2,990.70, which shall be placed to the credit of the Special Improvement Fund—Merchant Avenue Sidewalk.

SECTION IV. That such anticipatory notes in the amount aforesaid shall be issued bearing interest at the rate of 2% per annum payable semi-annually. Such notes shall be dated the 1st day of October, 1947, and shall mature on the 1st day of October, 1948. Such notes shall be executed and delivered in such number and such denominations as may be requested by the purchasers of such notes.

SECTION V. Such notes shall be executed by the mayor and City auditor and bear the seal of the corporation. They shall be payable at the City Treasurer's office in the City of Marion, Ohio; they shall express upon their face the purpose for which they are issued and that they are issued pursuant to this ordinance.

SECTION VI. All assessments collected for the improvements aforesaid and unexpended balances remaining in the funds after the costs and expenses of said improvements have been paid, shall be applied to the payment of said notes and the interest thereon until both are fully provided for.

SECTION VII. Said notes shall be first offered to the Sinking Fund Trustees of the City and so many of the same as shall not be taken by said trustees shall be sold at private sale by the City Auditor, but for not less than par and accrued interest, and the proceeds from such sale, except any premium and accrued interest thereon (and the amount thereof necessary for the payment of interest prior to the maturity of said notes), shall be paid into the proper fund and used for the purpose aforesaid and for no other purpose. Any premium and accrued interest (and the amount necessary for the payment of interest prior to their maturity) shall be transferred to the Sinking Fund to be applied in the payment of principal and interest of said notes in the manner provided by law.

SECTION VIII. Said notes shall be the full obligations of the City and the full faith, credit and revenue of said City are hereby pledged for the prompt payment of the same. The par value to be received from the sale of the bonds anticipated by said notes and any excess fund resulting from the issuance of said notes shall, to the extent necessary, be used only for the retirement of said notes at maturity, together with interest thereon, and is hereby pledged for such purpose.

SECTION IX. In the event that such assessments are not levied or bonds are not issued to provide a fund for the payment of said notes at maturity, a general tax shall be levied against all of the property in said City for the payment of such notes and the interest thereon.

SECTION X. The City Auditor is hereby directed to forward a certified copy of this ordinance to the County Auditor.

SECTION XI. That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO

Proposing to amend section 7 of article IV and section 2 of article XVII of the constitution relating to the term of office and the compensation of the judge of the probate court.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each House concurring therein, That there shall be submitted to the electors of the state on the first Tuesday after the first Monday in November, 1947, a proposal to amend section 7 of article IV and section 2 of article XVII of the constitution of the State of Ohio to read as follows:

ARTICLE IV

Sec 7. There shall be established in each county, a probate court, which shall be a court of record, open at all times, and holden by one judge, elected by the electors of the county, who shall hold his office for the term of six years, and shall receive such compensation as shall be provided by law. Whenever ten per centum of the number of electors voting for governor at the next preceding election in any county having less than sixty thousand population as determined by the next preceding federal census, shall petition the judge of the court of common pleas of any such county not less than ninety days before any general election for county officers, the judge of the court of common pleas shall submit to the electors of such county the question of combining the probate court with the court of common pleas, and such courts shall be combined and shall be known as the court of common pleas in case a majority of the electors voting upon such question vote in favor of such combination. Notice of such election shall be given in the same manner as for the election of county officers. Elections may be had in the same manner for the separation of such courts, when once combined.

ARTICLE XVII

Sec. 2. The term of the office of the Governor, Lieutenant Governor, Attorney General, Secretary of State and Treasurer of State shall be two years, and that of the Auditor of State shall be four years. The term of office of Judges of the Supreme Court and Courts of Appeals shall be such even number of years not less than six (6) years as may be prescribed by the General Assembly; and that of the Judges of the Common Pleas Court six (6) years and of the Judges of the Probate Court, six (6) years, and that of other Judges shall be such even number of years not exceeding six (6) years as may be prescribed by the General Assembly. The term of office of the Justices of Peace shall be such even number of years not exceeding four (4) years, as may be prescribed by the General Assembly. The term of office of all elective county, township, municipal and school officers shall be such even number of years not exceeding four (4) years as may be so prescribed.

And the General Assembly shall have power to so extend existing terms of office as to effect the purpose of Section 1 of this Article.

Any vacancy which may occur in any elective state office other than that of a member of the General Assembly or of Governor, shall be filled by appointment by the Governor until the disability is removed, or a successor elected and qualified. Every such vacancy shall be filled by election at the first general election for the office which is vacant, that occurs more than thirty (30) days after the vacancy shall have occurred. The person elected shall fill the office for the unexpired term. All vacancies in other elective offices shall be filled for the unexpired term in such manner as may be prescribed by law.

SCHEDULE

The above proposal shall be placed on the official ballot in such form as the secretary of state may prescribe. If the votes for the proposal shall exceed those against it, this amendment shall take effect and existing section 7 of article IV and section 2 of article XVII of the constitution of the state of Ohio shall be repealed and annulled.

LOVE'S PERILOUS PATH

By ADELE GARRISON

"DR TWITCHELL will need to have extra priming in his shotgun," I told Dicky, as I sat down in the nearest chair, and my husband looked at me with keen appraisal

"Damn Noel's lights and liver anyway!" he ejaculated "This thing's getting you down What's his latest?"

"I'm looking forward to hearing your opinion of it," I told him with a wry grin "After I had told him that Dr Twitchell had been talking to Mary at her own request about possible motherhood, and that the physician wished to see him, he said that he would be 'amazed if Dr Twitchell said that after all Mary had gone through, she would be able to combine her career with motherhood"

"And this after you had been talking to him!" my husband asked, with flattering incredulity "Look here, Sweet!" he added with sudden venom "Was he difficult, or rude, to you? If he was, I'm going down and kick the pants right offen him!"

"No, no, Dicky!" I gasped, when I could speak for laughter "He was most tractable, admitted that he, not Mary, was the one who first had broached the idea of her giving up her career He also admitted that he did not really know what Mary was thinking about it He was quite upset about seeing Dr Twitchell, but I confess I was astonished when he came out with his last speech"

A One-Track Mind

"He sure has a one-track mind with nothing to speak of on the track," my husband said and then—I guessed mostly for my benefit—he voiced some choice and picturesque epithets that sent me into refreshing laughter

"Thank you, Darling," I told him, when he had finished "I needed that badly"

"We aim to please That is our daily motto," he replied smugly

Then he leaned toward me

"Your attention, please," he said "I am going to 'fix you with a glittering eye' and give voice to some profound thoughts Are you tuned in to my station?"

"With my ear close to the radio" I assured him but he waited for a second before going on

"Have you guessed where that goof is off his trolly?" he asked at last

A Glimmer of Thought

"No tell me" I answered, although I had a glimmer of thought on the matter in the back of my head But it distinctly was not my cue to bring in my own opinions at this particular juncture

"He's all hepped up with the thought of their having a child right away," he said "and not having the sense God gave a jackass he doesn't consider the possibility of Mary's not being ready for an ordeal like that after what she's been through this year He thinks that would be all right, and, following that premise, he thinks the theater and motherhood would be too much for her Do you agree with me?"

"Yes, I do" I told him prudently refraining from adding that I already had come to the same conclusion "And that explains his seeming obstinacy"

"It may explain it, but it doesn't excuse it," he said, with his own lips set in an unyielding line" But cheer up! By the time old Doc Twitchell gets through with him, he'll be so flattened he can go through a wringer without losing a button!"

"Did Dr Twitchell tell you anything of what he planned to say to Noel?" I asked

The General Idea

"Not definitely," my husband returned, with a comradely grin at me "But he gave me the general idea that he meant to put the fear of God into him so thoroughly that he won't be able to recant for a couple of years at least

"Mary must have shot her full quiver of charms at the old doc," Mary's fatuous uncle went on "He's evidently fallen flat on his face for her, and he's breathing fire and smoke against anybody who's going to do wrong by our Nell From what he said, I gather that he has forbidden Mary even to think of motherhood for months to come that he is recommending her going back to the theater as the best possible therapy for her, and he is telling Mary's adoring husband that if he wants to send his wife straight to the nut-hatch he'll keep on with his quarter-baked ideas about motherhood and Mary's theatrical work not mixing But he also has put in the proviso that he is sure Mary would willingly sacrifice her career if some unforeseen complication about her child should arise after it came into the world"

Feeling of Relief

I sank back into my chair with a feeling of relief

"He certainly has covered every contingency," I said

"Not a single loophole," my husband agreed

Then, with one of his familiar and precious gestures he came over to my chair, gathered me out of it and sat down in his own again cradling me in his arms as if I were a tired child

"As long as you keep your present weight I'll be able to do this until I get lumbago" he said "But don't go on a candy spree"

"I shall go on a diet immediately" I told him and then we chatted happily about Faith—the most pleasant topic which came to our minds — until a knock on the door brought us to our feet

"What the devil?" Dicky said in puzzled fashion as he strode to the door I thought Noel was going to telephone"

But it was not Noel who stood outside but Dr Twitchell who spoke to me quickly

"I thought I'd warn you before Noel called you" he said "but don't let him know I saw you He's pretty distraught"
